

## Political Battles Starting

### East To Prove Major Warpath

WASHINGTON (AP) — The din of lusty fighting already is sounding on political battlefields in the East, particularly in Maine, New York and New Jersey.

A scrap worth keeping an eye on is the tussle in the Republican primary in Maine to pick a candidate for the Senate seat of Sen. Margaret Chase Smith. Mrs. Smith, no admirer of Sen. McCarthy (R-Wis.), has been challenged by a young man who is Robert L. Jones of Biddeford.

So far, McCarthy is only an onlooker.

Down in New York, the voters are relishing the prospect of a November slugfest match between Gov. Thomas E. Dewey and Franklin D. Roosevelt Jr., for the seat Dewey now holds in the Statehouse.

Prestige, Too

Party prestige, as much as personalities, is at stake in New Jersey. Democrats are trying to hold the momentum that allowed them to elect a governor last fall and snatch a House seat from the GOP. Republicans are bent on proving the Democratic victories were flukes.

Elsewhere in the East, as the political situation appears at the moment to Associated Press political writers contributing to a nationwide survey.

Little Rhode Island is in something of a stew over its sprightly 86-year-old Senate Democrat, Theodore Francis Green. Few in either party seem to know whether they will run, or what they'll try for, until Green makes up his mind whether to go for another term.

Massachusetts Democrats are worried a bit about a possible shake-up of congressional districts that might cost them a pair of House seats.

New Hampshire is doubling up on Senate races. It's the only state with two.

Republicans have drawn a bead on a Democratic Senate seat in Delaware. Democrats are a bit uneasy.

Pennsylvania Republican factions have managed to avoid an open clash and get together on a candidate for governor without any blood letting.

In West Virginia, Republicans are bothered by party purges, Democrats by upheavals around the Statehouse.

Here and there, AP correspondents find people are talking about recession, McCarthy, and Eisenhower administration policies. But, except to the extent that McCarthy may figure in the Maine primary, these are issues largely for the general election in November.

So far, there hasn't been a

## MEN PAST 40

Troubled with GETTING UP NIGHTS  
Pains in BACK, HIPS, LEGS  
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation.

Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the cause of your troubles.

Neglect of Glandular Inflammation often leads to permanent semi-invalidism and incurable maladies.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a NEW FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 3311, Excelsior Springs, Missouri.

Faith Lutheran Cornerstone Laid

The Rev. Charles Born (left) uses the trowel as the cornerstone is laid Sunday afternoon for the new Faith Lutheran Church at 63rd and Madison. The Rev. Joseph F. Gerken, pastor of St. John's Lutheran Church at Tecumseh, guest speaker for the occasion, looks on. The \$45,000 building is expected to be completed

anywhere in the country—the first is set for April 13 in Illinois.

Counting out West Virginia, the East went solidly for President Eisenhower in 1952 but not so solidly for other Republican candidates. In the 11 states ranging from Maine down to West Virginia and Delaware, Republicans in Congress outnumber the Democrats, but only by about a 3 to 2 margin.

These states pick eight senators and eight governors this year. Six of the eight Senate seats and seven of the eight governors' chairs now are held by Republicans.

In addition the Eastern belt will pick 122 House members for spots now held by 75 Republicans and 47 Democrats. Of the 122 seats, 32 are "marginal." That is, the members won them in 1952 by 55 per cent or less of the total vote.

Of these marginal seats, Democrats now occupy 18, Republicans 14.

So just on a statistical basis alone, there is plenty of room for some heavy political fighting in the East in the months ahead.

### Mrs. Velma Green Rites Wednesday

Services for Mrs. Velma Green, 47, Raymond, will be at 2 p.m. Wednesday at Wadlow's, Elder, M. W. Deming officiating.

Mrs. Green, who died Saturday at a local hospital, had lived in Raymond since 1935. Previously she had lived in Lincoln and Lexington.

Surviving are her husband, Carl; her mother, Mrs. J. O. Johnston of Mrs. DeBeque, Colo.; daughters, Mrs. Juanita Moore and Mrs. June Cole, both of Lincoln; brothers, Charles Johnston of Grand Valley, Colo.; a sister, Mrs. Mary Ann Hawkins of Phoenix, Ariz.; a step-sister, Mrs. Inez Spencer of Newton, Ia., and five grandchildren.

Burial will be in Lincoln Memorial Park.

### Byrne, 84, Starts Life Term Today

Lincoln Star Special

SCHUYLER, Neb.—John F. Byrne, 84, will be brought to the state penitentiary in Lincoln Monday to begin serving a life imprisonment sentence for the murder of his brother, Will, 72, on Jan. 24.

Byrne pleaded guilty to second-degree murder. District Court Judge R. A. Robison delivered the sentence.

Larson said board members want to investigate applicants further but hope to make a decision at the next meeting April 3.

## News Around The Globe

### Chiang Re-Elected

TAIPEH, Formosa (AP) — Nationalist China's Assembly today re-elected Chiang Kai-shek president for a six-year term.

Chiang won easily, as expected, against his token opponent, Hsu Fu-Lin, 76, acting leader of the Democratic Socialist Party.

Chiang needed 789 votes to win. When he reached that number, only 26 had been cast for Hsu. It was the second ballot. The first ballot Saturday gave Chiang 1,387 votes and Hsu 172.

### 20 Cleared

Buenos Aires, Argentina (AP) — Twenty persons have been cleared of charges of disrespect (desacato) of President Peron in Province President Peron (until recently Chaco Territory).

Over 700 persons have been cleared of political charges or released from prison under the amnesty voted by Congress late in 1953.

### Decision Awaited

ADELAIDE, Australia (AP) — The Western Australian cabinet will decide at a special meeting whether to cancel Queen Elizabeth's visit to the state because of a polio epidemic.

Members of the royal household said they thought the tour would go on, but drastically cut.

### Russ Troubles

LONDON (INS) — Moscow Radio reported Sunday that Nikita S. Khrushchev, first secretary of the Russian Communist Party, has criticized Soviet agricultural officials for the "sorry state of affairs" in Soviet agriculture.

A delegation of Kearney citizens and alumni of Kearney Teachers College met with the State Normal Board urging the construction of a combination auditorium-gymnasium — student union building on the college campus.

The board was informed that alumni has agreed to contribute \$45,000 toward such a building and that business interests in Kearney would add at least \$55,000 or a total of \$100,000 if additional funds could be provided for the balance.

The Kearney committee suggested that if state building funds are not available that possibly revenue bonds could be sold for the balance. An \$800,000 building is now under construction on the campus but the committee seeks to have the proposed new building under construction as soon as possible.

Considered

The board took the proposal under consideration until the next meeting April 3. At the same time they will consider more complete plans for a new library building at Wayne Teachers College. Preliminary plans have been under consideration for several months.

The board also discussed the vacancy in the presidency at Chadron Teachers College without coming to any definite conclusion. The resignation of Dr. Wiley Brooks will be effective June 1.

Dr. Allen P. Burkhardt, superintendent of the Norfolk schools, while not a formal applicant for the position, was one of those with whom the board held an interview.

Dr. Burton Kline, Beatrice school superintendent, also was interviewed.

Two candidates for the position came from out of the state at their own expense for interviews. They were Dr. Maynard Bennis, Laramie, Wyo., and Dr. Kenneth Collier, Muncie, Ind.

Secretary E. Albin Larson said that in addition to the four granted personal interviews, Dr. Wesley C. Meierhenry of the University of Nebraska had been previously interviewed. In addition, he said, the board has a number of other applications.

State Superintendent F. B. Decker is also considered a likely prospect, but because of his position as an ex-officio member of the board he has refused to actively seek the position.

Larson said board members want to investigate applicants further but hope to make a decision at the next meeting April 3.

## Precautionary 'Slump' Plans Urged

### Snowfences Stop Tons Of Dirt

This snowfence located just east of McCook is one of many such fences which were almost

hidden by the blowing dust which was stopped by the fences and piled in rolling drifts for hundreds of yards at a stretch. (Star Staff Photo)

### Combine Catches A Harvest Of Dust

This combine sitting on the Ellis Sutton farm north of Stratton is almost surrounded

by a dust drift. The wheel at left is deeply encircled by the drift which also blew level

with the platform in front of the machine. (Star Staff Photo)

## Southwest Counties' Dust Bowl 'Worst'

### ... Hitchcock, Dundy County Farmers Say Conditions May Clean Them Out'

By JOHN SWANSON  
Star Farm Editor

STRATTON, Neb. — Farmer Junior Reed looked dismally over the piles of loose dirt dumped in a gully of his pasture and shook his head.

His neighbor, Morrison Sutton, climbed on top of a long ridge of dirt that, until recently, had been a fence line. "It's worse here now," he said, "than it ever was in the 30s."

Read told how volunteer workers from the neighborhood and workers and equipment from the county highway department carried off the huge drifts, cleared the farmyard and dumped the tons of precious topsoil into the pasture.

"Pretty Blue"  
"I'm getting close to 60," Reed said. "I thought I had been through it all—but when some

thing like this comes along, a fellow doesn't know what to do. Farmers are getting pretty blue. Some you think are well off are borrowing money to operate on to pay taxes and buy feed."

"In one field the dirt was blowing so it didn't do any good to go in with a chisel. I had to use a sifter to stop the dust." Reed has three quarters with 140 acres planted to wheat. All the wheat is dead.

Sutton, who farms in partnership with a brother, is one of the younger farmers in the strip. Sutton waved an arm at the rolling drifts of dust and said, "This is just our drought conditions of last summer catching up with us. If we had had some rain in August so we could have gotten some

cover, this wouldn't have happened."

**Clean Me Out'**  
Sutton said all but a little of his wheat has been killed by the blowing dirt. "I drilled the wheat twice and had a good stand. There was plenty of stubble in that field and it never would have blown in an ordinary year. Another year like this will just about clean me out."

Sutton, who farms in partnership with a brother, is one of the younger farmers in the strip. Sutton waved an arm at the rolling drifts of dust and said, "This is just our drought conditions of last summer catching up with us. If we had had some rain in August so we could have gotten some

Sutton said all but a little of his wheat has been killed by the blowing dirt. "I drilled the wheat twice and had a good stand. There was plenty of stubble in that field and it never would have blown in an ordinary year. Another year like this will just about clean me out."

**Like nearly every other farmer in the area, Sutton has gone over the open fields with a chisel to stop the dirt from blowing. The tracks of the chisel can be seen on almost every field. Several farmers agreed that the present dirt blowing conditions are worse than they ever were during the dust bowl days of the 30s. As one said, there just isn't any cover here now. There was some clover in the 30s."**

**County commissioners are empowered to take action against landowners on receipt of a written complaint outlining damages to lands due to lack of conservation practices.**

**County commissioners then can require the landowner to take necessary measures to prevent blowing topsoil.**

**Landowners who fail to comply**

### New Partisan Legislature Petition Told

Democratic State Chairman William H. Meier of Minden said Sunday that sponsors of a proposed constitutional amendment to make the Legislature

partisan will file a new form of petition with the secretary of state probably Monday or Tuesday.

Bartels said George Wolfe, a truck driver, killed his daughter, Lucille; critically wounded his wife, Lillian, 31; shot his son, George Jr., in the thigh, and shot himself below the heart.

**Dry Weather Cycle Likely Says Dr. Keim**

Dr. Franklin D. Keim, head of the University of Nebraska agronomy department, says he is "inclined to think we may be at the beginning of a dry weather cycle."

Nebraska farmers, particularly those in the southwest are concerned about what looks like a repetition of last year's lack of moisture.

Most weather authorities agree with the cycle theory, Dr. Keim said, although the beginning of a cycle can't be pinpointed nor its length forecast.

To weather out a drought, Dr. Keim said, we should use "trash farming"—tying down the land with stubble.

**Today's Chuckle**  
It's a great life if you weaken in time to get a little fun out of it.

Present members say that they serve at a personal financial loss and younger members have been refusing to seek a second term.

Meier said he was committed not to reveal whether the proposal would increase the membership of the unicameral and that details would have to await the filing of the petition form.

Some reports have it that the committee agreed to retain the present constitutional provision of a total of \$37,500 to be divided among the members.

The most commonly voiced complaint against the present unicameral, outside of politicians who want it political, is that the membership is too small, overloading members with committee work, and the salaries too small, barring many competent citizens from serving.

One Stratton man said he thought business had been hurt some by the conditions, especially among sellers of larger items such as farm implements.

A farmer said he knew of two men who had given up farming and had become hired farmhands "because they can make more money that way." One of these men has a three-quarters of a section farm. Another young farmer is considering going to work on a construction job overseas to get some money ahead.

The feeling of helplessness following the dust storms was typified by Junior Reed. Lighting up a cigarette, Reed observed, "I'd given up smoking until this dust started blowing. Now I feel like I have to be doing something."

**The Weather**  
NEBRASKA: Mostly cloudy Monday and Monday night with occasional light rain changing to snow, moderate northerly winds west of center and winds shifting to north and increasing east, cold air and turning colder east, highs in 30s northwest to near 50 southeast; Tuesday clearing with gradually diminishing winds, not so cold in Panhandle.

### Auto Mishap Kills Kansan

FAIRBURY, Neb. (AP) — Kenneth Joseph Peck, 43, of Massachusetts, was critically wounded Sunday by a 22 caliber bullet accidentally fired into his head by a playmate.

Doctors said the bullet, fired from a tiny shell of the type used in shooting galleries, pierced the boy's skull above the left ear and through the motor and speech areas of his brain.

John F. Blackstone, 10, son of Glenn Blackstone, told police he was holding the gun when it was discharged about five feet from his head.

Detectives said John P. Berger, 8, son of Jack Berger, related finding the gun Saturday in the room of his grandfather, Hans B. Johnson, who lives with the Bergers.

# McCarthy Will Submit Lie Detector Proposal

## Army-Cohn Clash 'Truth' Important

WASHINGTON (AP) — Sen. McCarthy (R-Wis.) returned here Sunday night for the showdown airing of his dispute with the Army and suggested that witnesses, including himself, be asked to submit to lie detector tests.

Ending a four-day mid-western speaking tour, McCarthy said he will submit the lie detector proposal to his Senate Investigations Subcommittee when it meets Tuesday. It will be up to the committee to decide whether this is "proper procedure," he said before the Son of God . . . etc.)

Exactly when the public session of the subcommittee will start was undecided. Tuesday's closed session was called to receive a report from Sen. Mundt (R-SD) on efforts to obtain a special counsel for the investigation and other plans for the inquiry.

McCarthy said his past experience as a circuit court judge in Wisconsin had convinced him of the value of lie detector tests in getting at the truth.

FBI Chief J. Edgar Hoover has publicly questioned their reliability, and tests made with them are not admissible as evidence in the courts of any state unless they are made voluntarily.

McCarthy has suggested the use of lie detectors in other cases, but the Senate committee has ever used them.

"The truth in this case is the important thing," McCarthy said.

"Any attempt to blackmail a committee out of revealing the truth about Communism certainly is more important than any murder case which, as a judge I ever tried."

**Voluntary**

He said the lie detector tests could be given only if the witnesses before the subcommittee agreed.

The controversy revolves about an Army report that McCarthy and his chief counsel, Roy Cohn tried to pressure top Army officials into giving favored treatment to G. David Schine, a former subcommittee aide who was drafted as an Army private last November.

As the stage was being set for the promised public hearings on the conflicting charges between McCarthy and Cohn, on one hand, and Secretary of the Army Stevens and his counsel, John G. Adams, on the other, developments in the dispute included:

Two Episcopal deans attacked "McCarthyism" from the pulpit. The Very Rev. Francis B. Sayre Jr., dean of the Washington Episcopal Cathedral, and the Very Rev. Dr. James A. Pike, dean of St. John the Divine of New York, both called the senator's methods "evil" and "another of the devil's disguises." They said the American people were to blame for McCarthy's present power.

Pike also criticized what he called the position of the Catholic Church on the subject of "McCarthyism." He said "it is not surprising that the Roman Catholic hierarchy, not averse to taking positions on other moral issues, has been silent on McCarthyism, and that the Roman Catholic papers with huge circulations have been pro-McCarthy in influence." McCarthy is a Roman Catholic.

**'GOP Mess'**

Sen. McClellan of Arkansas, a Democratic member of the subcommittee, said the dispute "is wholly a Republican mess" with all the principals in the hearings either "Republicans or under Republican control."

Mundt, who will preside over the hearing with McCarthy stepping aside for the inquiry, disagreed with McClellan. He said

## The Life Of Christ

### CHAPTER VII

In yesterday's installment Bishop Sheen pointed out the lesson for our world today, in the way Christ resisted temptation. The Bishop also stressed the differences between Satan's temptation of man and of Christ. Man's three temptations are those of the flesh (lust), the mind (pride), and of things (avarice). To Christ's first temptation, to become a social reformer by giving bread to the multitudes, Our Lord replied to Satan, "Not by bread alone doth man live . . ." And because Satan suspected Jesus of being God's son he prefaced each of Jesus' temptations with the conditional "If" . . . "If Thou be the Son of God . . . etc.)

Our Lord does not deny that men must be fed, or that social justice must be preached, but He asserts that these things are not first. He is saying to Satan: "You tempt Me to a religion which would believe want, you want Me to be a Baker, instead of a Saviour; to be a social reformer instead of a Redeemer. You are tempting Me away from My Cross, suggesting that I be a cheap leader of people, filling their bellies, instead of their souls; you would have Me begin with security instead of ending with it; you would have Me bring outer abundance, instead of inner holiness.

You and your materialists say: 'Man lives by bread alone,' but I say to you: 'Not by bread alone.' Bread there must be, but remember that even bread gets all of its power to feed from Me. Bread without Me can harm man, and I refuse to hold any theory about security, apart from the Word of God, even though I must go hungry."

\*\* \* \*

"If I give bread alone, then even dogs shall come to My Banquet. Those who believe in Me must hold that faith, even when they are hungry, starved, weak, in prison, scourged, and even rotting in your Soviet prisons."

"I am hungry! I have not eaten for forty days, but I refuse to become a mere ethical reformer by catering to the economic and to pleasure and satiety. Say not that I am disinterested in social justice, for I am feeling now the hunger of the world. My stomach groans with the starving, crawling wrecks of humanity. That is why I fasted, that they can never say God does not know what hunger is. Begone!"

John and your materialists say: "Man lives by bread alone," but I say to you: "Not by bread alone." Bread there must be, but remember that even bread gets all of its power to feed from Me. Bread without Me can harm man, and I refuse to hold any theory about security, apart from the Word of God, even though I must go hungry."

\*\* \* \*

"Satan senses defeat as Christ rejects his first challenge

And they will hold Thee up with their hands.

Lest Thou should chance to trip on a stone."

Satan is here saying: "Why take the long and tedious way to win mankind, through the shedding of blood, the mounting of a Cross, through being despised and rejected, when you can take the short cut by being a prodigy?" You have affirmed Your trust in God. Very well! If you truly trust, do something heroic! Prove faith, not by going to a Cross in obedience to God's Will, but by flinging yourself down.

You will never win people to Yourself with sublime truths about Your Divinity preached from church steeples and pinnacles. The masses cannot follow You; they are too far below!

"Cast thyself down from this to the earth."

Then, quoting Scripture, he continues:

"For it is written: He shall give His angels Charge concerning Thee, to keep Thee safe,

(To Be Continued Tomorrow)

### Flattery Will Get Them Nowhere

SEOUL, (INS) — South Korean President Syngman Rhee said Sunday that he will not accept "any presents" sent him on his 79th birthday March 26.

The South Korean Assembly has voted money to buy birthday presents for Rhee.

The president has been critical of the assembly and predicted that every member would be defeated in the May 20 general election.

**Navy Pilot Saved By 'Miracle' When Jet Hits Corsair**

DAYTON, O. (AP) — A Corsair fighter and a jet training plane crashed in mid-air Sunday, killing two Air Force officers. A young Naval Air Reserve pilot was seriously injured, escaping death through what Air Force officials said was a near-miracle.

Sen. Symington (D-Mo.), a member of McCarthy's subcommittee, has firmly suggested also that McCarthy should disqualify himself as a member while the inquiry is on.

**Proposed Code**

4. Ferguson said in his TV interview that he had heard from several congressional investigators on his proposed code but he hasn't heard from McCarthy. He said various committee chairmen have notified him they are taking steps to adopt the seven "minimum" rules suggested recently by his policy committee.

5. Sen. Monroney (D-Oklahoma) criticizing McCarthy, said one-man congressional subcommittee hearings are dangerous to the nation, because "one man becomes prosecutor, public jury and court reporter."

Answering a slap McCarthy took at him in an Oklahoma City speech calling Monroney "your little Lord Fauntleroy" and a "waterboy for the leftwingers," the Oklahoma senator said:

"I expect Sen. McCarthy feels anybody so old-fashioned as to still believe in the Bill of Rights and the Constitution may be a Fauntleroy, and those still old-fashioned enough to believe in trial by jury and presumption of innocence may be as dangerously left-wing as Thomas Jefferson and Abraham Lincoln."

**U Of Iowa Student Admits Air Force Funds Embezzling**

DAVENPORT, Ia. (INS) — A 23-year-old Iowa University student was held in lieu of \$5,000 bond at Davenport in connection with alleged embezzlement of government funds from an overseas air force installation.

He was Lowell A. Logan of Springfield, Ohio, a former first lieutenant in the Air Force.

The FBI said Logan admitted the embezzlement which involved some \$20,000.

**Couple Uses Grenade In Committing Suicide**

MONTEFIASCONE, Italy (AP) — A young couple, thwarted by parents in their desire to marry, blew themselves up with a hand grenade in Montefiascone's public garden.

Giacomo Pieretti, 25, died instantly. His fiance, Edda Palotta, also 25, died in a hospital.

### Farm Surplus Aid To Poor Nations Urged

WASHINGTON (AP) — An eight-nation study group suggested several methods of using farm surpluses to help poorer countries, but said they should "avoid harmful interference with normal patterns of production and international trade."

The United States already is using all the methods suggested by the study group, a working party representing the U.N. Food and Agriculture Organization (FAO).

They include gifts or specially-priced sales for foreign aid development, welfare and emergency relief programs, sales against the importing countries' currencies, and sealing off portions of the surplus from the market.

The study group made no suggestions for financing such programs, but said efforts to get rid of present surpluses must be accompanied by measures to prevent development of new over-supplies.

The study group included representatives of the United States, Argentina, Egypt, France, India, The Netherlands, New Zealand and the United Kingdom. Its report will be presented in June at a meeting of the FAO Committee on Commodity Problems, to be held in Rome.

"Everybody rides around in a Cadillac," he said. "Liberace moves from Cadillac to Cadillac so everybody gets to know him."

He said the Liberace tour leaves New York on September 1.

He will take 35 paying passengers. Liberace, his mother, his brother, his agent, a Life

Insurance agent and a maid.

Ever since then my daughter has been pestering me with questions.

**What did you do for Liberace?**

I hardly know how to answer her. For I am sure she would put it all down to jealousy. And possibly she is right. Mad, mad, but right.

**Osteopaths Hear Radiologist Speak**

More than 40 members of the Nebraska Osteopathic Association attended a one-day refresher program held Sunday at the Cornhusker Hotel.

Chief speaker at the regular quarterly meeting was Dr. H. J. Heiton, radiologist at the Kansas City College of Osteopaths and Surgery. With the aid of color slides, he lectured on "X-Ray Interpretation of Chest Diseases." Dr. Harold Rosenau, Geneva, presided.

**Fred MacMurray, June Haver Planing Together**

PANAMA (AP) — Actor Fred MacMurray and Actress June Haver left for Los Angeles to plan their wedding.

The conference consists of 11 midwest states and in addition Gov. Robert Crosby has invited non-conference states of Colorado, Wyoming, Oklahoma, South Dakota and West Virginia to send representatives. It is expected about 300 will attend.

The climax of the conference will be a trip to Boys Town.

Speakers will include outstanding officials in the various fields from all sections of the United States. Subjects to be discussed will include juvenile delinquency, parole, probation, correctional institutions, and prison farms and rehabilitation.

Meeting will be open to the public but the local committee is particularly anxious for court judges, sheriffs, city police and welfare agency representatives to attend so that all can become informed on the services of other agencies offered.

A committee of district judges will attend as part of their studies for the state bar association on the need of the state for changes in parole and probation procedures.

# Political Battles Starting

## East To Prove Major Warpath

WASHINGTON (P)—The din of lusty fighting already is sounding on political battlefields in the East, particularly in Maine, New York and New Jersey.

A scrap worth keeping an eye on is the tussle in the Republican primary in Maine to pick a candidate for the Senate seat of Sen. Margaret Chase Smith. Mrs. Smith, no admirer of Sen. McCarthy (R-Wis.), has been challenged by a young man who is—Robert L. Jones of Biddeford.

So far, McCarthy is only an onlooker.

Down in New York, the voters are relishing the prospect of a November slugging match between Gov. Thomas E. Dewey and Franklin D. Roosevelt Jr., for the seat Dewey now holds in the Statehouse.

Prestige, Too

Party prestige, as much as personalities, is at stake in New Jersey. Democrats are trying to hold the momentum that allowed them to elect a governor last fall and snatch a House seat from the GOP. Republicans are bent on proving the Democratic victories were flukes.

Elsewhere in the East, as at the moment to Associated Press political writers contributing to a nationwide survey:

Little Rhode Island is in something of a stew over its sprightly 86-year-old Senate Democrat, Theodore Francis Green. Few in either party seem to know whether they will run, or what they'll try for, until Green makes up his mind whether to go for another term.

Massachusetts Democrats are worried a bit about a possible shake-up of congressional districts that might cost them a pair of House seats.

New Hampshire is doubling up on Senate races. It's the only state with two.

Republicans have drawn a bead on a Democratic Senate seat in Delaware. Democrats are a bit uneasy.

Pennsylvania Republican factions have managed to avoid an open clash and get together on a candidate for governor without any blood letting.

In West Virginia, Republicans are bothered by party purges. Democrats by upheaval around the Statehouse.

Here and there, AP correspondents find people are talking about recession, McCarthy, and Eisenhower administration policies. But, except to the extent that McCarthy may figure in the Maine primary, these are issues largely for the general election in November.

So far, there hasn't been a

Troubled with GETTING UP NIGHTS

Pains in BACK, HIPS, LEGS

Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease that makes you feel tired and weak. It is a disease that gives temporary relief but will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year, over 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothng relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to the glandular system, using the methods, has a New FREE BOOK

that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 3311 Excelsior Springs, Missouri.

Faith Lutheran Cornerstone Laid

The Rev. Charles Born (left) wields the trowel as the cornerstone is laid Sunday afternoon for the new Faith Lutheran Church at 63rd and Madison. The Rev. Joseph F. Gerken, pastor of St. John's Lutheran Church at Tecumseh, guest speaker for the occasion, looks on. The \$45,000 building is expected to be completed

primary anywhere in the country—the first is set for April 13 in Illinois.

Counting out West Virginia, the East went solidly for President Eisenhower in 1952 but not so solidly for other Republican candidates. In the 11 states ranging from Maine down to West Virginia and Delaware, Republicans in Congress outnumbered the Democrats, but only by about a 3 to 2 margin.

These states pick eight senators and eight governors this year. Six of the eight Senate seats and seven of the eight governors' chairs now are held by Republicans.

In addition the Eastern belt will pick 122 House members for spots now held by 75 Republicans and 47 Democrats. Of the 122 seats, 32 are "marginal." That is, the members won them in 1952 by 5% per cent or less of the total vote.

Of these marginal seats, Democrats now occupy 18, Republicans 14.

So just on a statistical basis alone, there is plenty of room for some heavy political fighting in the East in the months ahead.

## Mrs. Velma Green Rites Wednesday

Services for Mrs. Velma Green, 47, Raymond, will be at 2 p.m. Wednesday at Wadlow's, Elder M. W. Deming officiating.

Mrs. Green, who died Saturday at a local hospital, had lived in Raymond since 1935. Previously she had lived in Lincoln and Lexington.

Surviving are her husband, Carl; her mother, Mrs. J. O. Johnston of DeBeque, Colo.; daughters, Mrs. Juanita Moore and Mrs. June Cole, both of Lincoln; brothers, Charles Johnston of Grand Valley, Colo., and Lewis of Woodland, Colo.; a sister, Mrs. Mary Hawkins of Phoenix, Ariz.; a step-sister, Mrs. Inez Spencer of Newton, Ia., and five grandchildren.

Burial will be in Lincoln Memorial Park.

Mrs. Green

Dr. Allen P. Burkhardt, superintendent of the Norfolk schools, while not a formal applicant for the position, was one of those with whom the board held an interview.

Dr. Burton Kline, Beatrice school superintendent, also was interviewed.

Two candidates for the position came from out of the state at their own expense for interviews. They were Dr. Maynard Bemis, Laramie, Wyo., and Dr. Kenneth Collier, Muncie, Ind.

Secretary E. Albin Larson said that in addition to the four granted personal interviews, Dr. Wesley C. Meierhenry of the University of Nebraska had been previously interviewed. In addition, he said, the board has a number of other applications.

State Superintendent F. B. Decker is also considered a likely prospect, but because of his position as an ex-officio member of the board has refused to actively seek the position.

Larson said board members want to investigate applicants further but hope to make a decision at the next meeting April 3.

# News Around The Globe

## Chiang Re-Elected

TAIPEH, Formosa (Monday) (P)—Nationalist China's Assembly today re-elected Chiang Kai-shek president for a six-year term.

Chiang won easily, as expected, against his token opponent, Hsu Fu-Lin, 76, acting leader of the Democratic Socialist Party.

Chiang needed 789 votes to win. When he reached that number, only 26 had been cast for Hsu. It was the second ballot. The first ballot Saturday gave Chiang 1,387 votes and Hsu 172.

## 20 Cleared

Buenos Aires, Argentina (P)—Twenty persons have been cleared of charges of disrespect (desacato) of President Peron in Province President Peron (until recently Chaco Territory).

Over 700 persons have been cleared of political charges or released from prison under the amnesty voted by Congress late in 1953.

## Russ Troubles

LONDON (INS)—Moscow Radio reported Sunday that Nikita S. Khrushchev, first secretary of the Russian Communist Party, has criticized Soviet agricultural officials for the "sorry state of affairs" in Soviet agriculture.

The board was informed that alumni has agreed to contribute \$45,000 toward such a building and that business interests in Kearney would add at least \$55,000 or a total of \$100,000 if additional funds could be provided for the balance.

The Kearney committee suggested that if state building funds are not available that possibly revenue bonds could be sold for the balance. An \$800,000 building is now under construction on the campus but the committee seeks to have the proposed new building under construction as soon as possible.

## Considered

The board took the proposal under consideration until the next meeting, April 3. At the same time they will consider more complete plans for new library building at Wayne Teachers College. Preliminary plans have been under consideration for several months.

The board also discussed the vacancy in the presidency at Chadron Teachers College without coming to any definite conclusion. The resignation of Dr. Wiley Brooks will be effective June 1.

Dr. Allen P. Burkhardt, superintendent of the Norfolk schools, while not a formal applicant for the position, was one of those with whom the board held an interview.

Dr. Burton Kline, Beatrice school superintendent, also was interviewed.

Two candidates for the position came from out of the state at their own expense for interviews. They were Dr. Maynard Bemis, Laramie, Wyo., and Dr. Kenneth Collier, Muncie, Ind.

Secretary E. Albin Larson said that in addition to the four granted personal interviews, Dr. Wesley C. Meierhenry of the University of Nebraska had been previously interviewed. In addition, he said, the board has a number of other applications.

State Superintendent F. B. Decker is also considered a likely prospect, but because of his position as an ex-officio member of the board has refused to actively seek the position.

Larson said board members want to investigate applicants further but hope to make a decision at the next meeting April 3.

## Poor Sports

WASHINGTON (AP)—Two members of the Yugoslav volleyball team which won the International Tournament here last week have asked Portugal for political asylum, an official spokesman said.

This source identified the men as Budisic Gavra, team captain, and Julka Jost, its youngest member. The spokesman said the men told officials they were "tired of the Communist regime."

## 3 Seamen Killed

PHILADELPHIA (INS)—A fire in the crew's quarters of the 5,000-ton Danish freighter Gudrun Maersk killed three seamen.

Two of the victims were asphyxiated by fumes. The freighter was tied up at the time and held a general cargo, including 300 tons of naphthalene.

## Jeary Asks Resurfacing Fund Report

ADELAIDE, Australia (P)—The Western Australian cabinet will decide at a special meeting whether to cancel Queen Elizabeth's visit to the state because of a polio epidemic.

Members of the royal household said they thought the tour would go on, but drastically cut.

## Decision Awaited

WICHITA, Kan. (P)—"Daddy Opened Door . . . Pointed Gun At Us . . . Went Boom . . . I Went To Sleep"

Two who withdrew from the broadcast were Gen. Carlos P. Romulo, special representative of Philippines' President Raymon Magsaysay and former president of the United Nations General assembly, and John D. Morris, a reporter in the Washington bureau of the New York Times.

The two who withdrew from the broadcast were Gen. Carlos P. Romulo, special representative of Philippines' President Raymon Magsaysay and former president of the United Nations General assembly, and John D. Morris, a reporter in the Washington bureau of the New York Times.

The facts forum radio and television programs are backed by H. L. Hunt of Dallas. Hunt has vowed the programs offer fair and impartial discussion of public issues. But critics have termed the Forum a political propaganda machine giving major weight to conservatism and isolationism.

Just after Ken Evans, a WWD-DC announcer had begun to test microphones and read from the script "This is Facts Forum's State of the Nation..." The program broke up.

Evans said Morris apologized to Burt and said he was not told that "State of the Nation" was a "Facts Forum" program. Then Romulo apologized to Burt and said he could not take part in the show.

## Leon J. Martin Dies Here At 70

Leon J. Martin, 70, 1729 So. 25th, a retired insurance salesman, died Sunday.

Born in Athens, O., he had lived in Lincoln most of his life.

Surviving are a daughter, Marguerite Merlin Martin, and a brother, Homer V. Martin, both of Lincoln.

living room, the gun clutched in his hand. Mrs. Leidy's body was found near the rear door of the kitchen. She had been shot three times.

The children were reported re-

covering from their wounds.

Linda Sue told Homicide Detective Charles Prowse that early in the evening her father became angry after her mother asked his opinion as to the length of a dress she was making. After watching a TV broadcast she said she and her brother went to the bathroom to take their baths.

"Me and Scotty were in the

bathroom and I was washing Scotty

when I heard three loud noises in

the kitchen," Linda Sue told police.

"A few minutes later, she

called for help shortly after 1

a.m.

Both she and her brother were

shot while they sat in the bath-

tub, where the boy, 2½-year-old

John Scott, was still sitting, un-

clothed, when officers arrived. He

was hit on the right cheekbone

## Speaking Of Demagogues

"It took backbone to stand up and be counted, in an election year, against the essentially demagogic Democratic arguments in favor of increasing the personal exemptions on the income tax."—Extract from an editorial column in a Lincoln evening newspaper.

Who is a demagogue?

A demagogue, it appears in the present climate, is anyone with whom you disagree—or anyone who disagrees with you.

Demagogue, by the same token, is an expression of view which conflicts with your own thinking, regardless of whether you may know anything about the subject or not.

It was the position of the editor of a Lincoln evening newspaper that a proposal to the Administration's tax bill in the lower house of Congress by the loyal opposition—a proposal to increase the individual's exemption from \$600 to \$700 a year—was demagogic.

★

We seriously doubt, however, that mere name-calling, to which the editor of a Lincoln evening newspaper resorts, in any way deals with the real merits or lack of merit of the tax program now before Congress, or the current debate over it which is now in progress.

Even more, we doubt that name-calling in any way reveals any understanding or knowledge of the tax problem which confronts masses of American citizens.

This tax problem is not limited to what is called the "low income bracket." It affects America's great middle class acutely—a middle class frequently hailed as the source of strength and power in this country. Today it is made up of workers—manual and skilled laborers—artisans in their own right—farmers—wage earners and salaried people—white collar workers.

★

If it is to be name-calling, what could be more demagogic than the paragraph written by this Lincoln evening newspaper editor to defend an Administration bill, a bill which obviously favors corporate wealth and riches, a paragraph so shockingly untrue:

"The President has characterized his administration as 'conservative in economics and liberal in dealing with people.' His stand on the tax issue fits that description exactly. The Administration's revised tax code is liberal in relieving tax hardships on widows, old-age pensioners, working wives, children who work for income, people with heavy medical expense, and small businessmen.

## Of Men And Things

By J. E. LAWRENCE

Five of the six members of the Board of Regents of the University of Nebraska and the acting chancellor, Mr. John K. Selleck, were in Chicago Saturday. They were there to talk with men now under preliminary consideration for the post vacated by Dr. R. G. Gustavson. There were prying eyes to determine the identity of the men with whom the board desired to talk.

★

The Regents of the University of Nebraska serve without pay. Theirs is a thankless job of the highest order, calling for the expenditure of time, energy, and thought. They are empowered to draw expenses. It costs money to travel to Chicago and back, not a lot of it, but it still costs money. There is transportation. There are hotel bills. There are meals, coming and going. It costs to travel. Yet these Regents, earnestly engaged in search for a new chancellor, are forced to travel because a Lincoln evening newspaper is unwilling to grant potential candidates for the chancellorship the ordinary, common-sense courtesy of permitting them to come to Lincoln to talk with the board and look over the campus without being mugged and publicized. Some of them do not crave the headlines; some of them are not even applicants for the job. Some of them, men of high repute and high standing in their fields, understandably resent being cast in the light of seeking a job when actually they are not. Some of them are being sought by Nebraska, not in any sense self-seeking.

This could be ludicrous if it were not costly in terms of money, damaging to the University itself, indifferent to the ordinary considerations observed both in private and public life. Surely men of high scholastic qualifications, men of delicate sensibilities, men who are not out hunting jobs, are entitled to more decent treatment than this. And surely Nebraska taxpayers should not be called upon to pay out money because one newspaper thinks it is law unto itself.

★

There has been a lot said about the right of the public to know. This is public business, and it is said that the public has a right to know every step taken in connection with it. This newspaper has a great respect for the public's right to know. It not only has a respect for that right, but in its everyday labors it has attempted in every sense of the word to discharge the normal, natural, sensible interpretation of the public's right to know. This newspaper has expressed its willingness to co-operate fully with the acting chancellor and with the Board of Regents in the difficult, delicate task which confronts them. It knew in advance of the plan to interview some more prospective material for the post of chancellor. Without too great a struggle with itself, it was able to resist the temptation to put the bloodhounds on the trail.

★

We know the people of Nebraska have every wish that the Board of Regents select the man who will serve this state most usefully as the head of the University of Nebraska. We know also that within limitations the right to know has to be applied with some degree of intelligence to the right of privacy.

Also A Right To Privacy

Yet it is economically conservative in aiming at a balanced budget. And the President's opposition to the increase in exemptions is based on the sound principle that the more numbers of people contribute something to the upkeep of government, the fairer it will be, and the more carefully the public as a mass will scrutinize government expenditures and help keep them in check."

★

Now what's wrong with looking at the precise provisions of the bill, its estimated benefits to taxpayers resulting from passage of it? What's wrong with adding the figures together to determine who receives the bulk of the benefits?

That same editor published on a news page the estimated benefits to taxpayers which will result from passage of the bill.

Medical benefits—Saving of 80 million dollars annually to taxpayers, who may encounter doctor, hospital and drug bills.

Retirement income—For retired workers over 65—saving of 125 million dollars to taxpayers.

Dependents—Saving of 85 million dollars to taxpayers.

Child-care expenses—Saving of 40 million dollars to taxpayers.

This adds up to 330 million dollars unless we are mistaken, every cent of benefit the little taxpayer may anticipate.

★

Not a word by this Lincoln editor on the bill's provisions relative to dividends. It calls for a saving to taxpayers who draw dividends of 240 million dollars the first year—814 million dollars a year eventually.

Depreciation—Bigger tax deductions for wear and tear on new plants and equipment—saving to corporate taxpayers 375 million dollars the first year, with claim that ultimately this provision will cost the Treasury 2 billion dollars annually to be made up by some other type of levy.

Loss carry backs—corporation allowed in profitable year to deduct for losses for two years back, instead of only one as now—Saving to corporate taxpayers, 100 million dollars.

Other benefits: More liberal provision for certain non-metallic mineral resources and more liberal accounting provisions—Would save corporations 72 million dollars.

This adds up to 787 million dollars the first year—billions later. And this does not include a provision of corporate income from operations abroad, which would save corporations so situated 137 million dollars.

★

These estimates are not our estimates. They are the estimates prepared by Secretary of the Treasury Humphrey and his staff of experts for the guidance of Congress, and in support of the measure.

This bill will provide a very limited measure of relief—at the maximum, not to exceed 330 million dollars for the little taxpayer. This bill will provide a minimum of relief for the corporations and for wealth of 787 million dollars—more than double that in which Mr. and Mrs. John Q. America can expect to share.

It is a rich man's bill. It is bad legislation. It will not revive purchasing power, because the theory that benefits conferred upon those at the top seep to those beneath is false and experience has proved it false.

Speaking of demagogues, who is a demagogue? What is the name for a man, writing about a bill, who ignores the benefits bestowed upon great wealth?

### Time To Act

David City, which is planning an addition to its municipal electric generating plant, sold \$245,000 worth of 15-year revenue bonds at 2½ per cent plus a \$4,100 premium. This will mean an average rate of 2.051 per cent. Present David City 20-year bonds are bearing 3 per cent.

David City is not the first Nebraska city to hit the present favorable market. Others have been issuing general obligation and revenue bonds at rates no greater and in a number of instances less than the 2 per cent figure. That is hiring money mighty cheap. How long will the market remain that favorable is beyond the guess of the average observer. But it will not be indefinitely.

A return of business confidence will not make the safe municipal market look so good. A real downturn will put enough towns into public works that investment money will be harder to get and more costly. Therefore it seems that economy-minded towns with the improvements in the offing should hire their money right now even though the improvements may be yet a year or two away.

### Streamlined Rice

Barbara Hutton's marriages are getting shorter and shorter. In fact they have become so streamlined that, it is said, her guests are going to switch to minute rice for her next nuptials. The regular kind takes too much time to take effect.

## Ridgway May Quit Over Army Cut-back

WASHINGTON—A crisis inside the armed services not unlike that when Adm. Louis Denfeld walked out as Chief of Naval Operations is now taking place in connection with the so-called "new look."

Gen. Matthew B. Ridgway, Army Chief of Staff, one of the most respected men in the Pentagon, has balked at going along further with drastic military cuts. He has argued that the Army is already reduced too drastically and that as an officer entrusted with the safety of the United States he cannot conscientiously go along with any further reduction.

The Air Force would like to build a huge merchant marine of the air to rush both troops and supplies to any part of the globe overnight. This would make it unnecessary to keep huge stocks overseas.

The Air Force claims also that one of its huge C-132 cargo planes can haul more equipment overseas than a liberty ship—in the same time that it takes the ship to make a round trip.

### GERALD OVERTURES

Alfred Von Krupp, whose huge munitions works supplied arms to Hitler even before he took over Germany, and who was sentenced to twelve years imprisonment as a Nazi war criminal, has left Essen, Germany, for Nassau and Mexico City.

In the latter country he is slated to confer with President Ruiz-Cortines and Mexican officials about the financing of the new factories, dams, mines or power plants under conditions calculated to cut the ground out from under the U.S.A.

These conditions are:

1. A price paid of 20 per cent down and the balance to be paid four years after the completion of the factory, dam or project.

2. Krupp will do this without seeking part-German ownership in the enterprise.

3. He will accept payment in any currency, hard or soft, or even prepared to accept payment in kind.

Krupp's proposals and his tour of Latin America have caused a lot of eyebrow raising among Latin-American diplomats friendly to the United States and even inside the State Department.

"Krupp," remarked one diplomat, "happens to be the product of the Dulles policy of building up Western Germany. Now that Mr. Dulles has helped wash the blood off Mr. Krupp's hands, he lets him go down to Latin America to take our trade away."

Note—Krupp already has \$160,000 in contracts for steel mills in India.

### ANTI-DEWEY PLOT

The anti-Dewey Republican faction in New York is working night and day to block the titular leader of their party if he plans to run again.

In fact, anti-Dewey Republicans plan to blast Dewey whether he runs or not.

What's happening is that friends of ex-Lieut. Gov. Arthur Wicks, whom Dewey ousted, are collecting evidence regarding a series of scandals they plan to uncork at the right time. A couple of investigators have been working to show that some of the men around Dewey made money on insurance business for the state of New York; also on the New York State Thoroughway; and also on lobbying for the joke-box industry.

The group plans to turn its evidence over to update New York newspapers at the appropriate time.

### DORIS FLEESON

## Right Wing Paper Dies

WASHINGTON—The far right wing of the Republican party has lost its press voice in the nation's capital.

Its friend, Col. Robert R. McCormick, added insult to its injury when he sold the Washington Times-Herald to the liberal Washington Post which Sen. McCarthy has called the Washington branch of the Daily Worker.

McCarthy is not stingy with this appellation but bestows it freely on newspapers which attack him. Nonetheless, Republicans to the right of President Eisenhower have long been galled by Post attitudes and the colonel's perfidy is a bitter pill for them.

From this angle the sale represents a clear gain for the Eisenhower administration as it continues to head into deep water with the Republican right. The right wing story, of course, will continue to be told, but in the Times-Herald it had more than a reporter, it had a true believer and advocate.

That Col. McCormick should be indifferent to the political aspect of the sale goes far to prove the frank assertions of those intimately involved in the sale that he is old, tired and sick. He has no children to carry on for him.

The Times-Herald passed into the colonel's hands from another heir to the Chicago Tribune fortune, the late Eleanor (Cissy) Patterson who bought it from Hearst and made a great success of it. At that time, he chose his niece, Ruth (Bauer) Miller, daughter of the late Ruth Hanna McCormick and now Mrs. Garvin Tankersley, and put her in charge of the Tribune-Chicago.

Mrs. Miller, as she then was, plucked into Republican right wing politics and materially helped Sen. McCarthy in the Maryland campaign to unseat Millard Tydings. But neither her management of the paper nor her subsequent divorce and re-marriage to a Times-Herald photographer pleased her uncle.

They are personally reconciled now and she is known to have had hopes of returning to the paper. She still resides here.

Mrs. Tankersley was not told until 2 p.m. Monday, that the Times-Herald was being sold.

★ ★ ★

We disapprove of Washington and most of the people in it. From the start, Mrs. Patterson's editors discovered that the D.C. market meant little to him, that he didn't want to be told about Washington, he only wanted to tell it after his fashion.

This extremely astute and highly literate community didn't take to the Chicago Tribune angle and as the Times Herald grew more like the Patterson formula, its readers also fell away. What is an experience that has enriched the lives of our students?

MRS. C. J. SCANLON  
Chairman for St. Teresa's Grade square dancing.

## BILL DOBLER At City Hall

## Railroads Promise Aid On Antelope

There was encouraging news from the City Hall during the last week in regard to flood control work on Antelope Creek.

And the most significant of this news was the report by City Engineer D. L. Erickson that all five railroads with structures spanning the creek had agreed with the city, county and sanitary district in regard to the engineering problems involved.

Bill Doblerville, engineer problems involved. In other words, these railroad representatives approved a plan for flood control and will presumably look now toward the next step—providing funds to carry out their individual responsibilities.

The three local engineers who took part in that meeting, Erickson, Walter B. Coale of the district and L. W. Weaver of the county, are to be congratulated for their accomplishment. Receiving such a commitment from the railroads substantially narrows the gap between talk of flood control and actually getting something done.

The commitment, however, has not actually improved any of the eight inadequate railroad bridges over the creek, bridges that in past years have contributed as much as any other factor to costly and heartbreaking floods in the entire Antelope Valley.

The railroads are generally known for their long deliberation on projects which involve the outlay of cash for other than improvements of a direct benefit to the enterprise.

It first became known how vigorously Ridgway opposed Army cuts when he excused himself from attending the National Security Council meeting at which the cuts were finally to be decided.

"Previous engagement" was Ridgway's excuse. In the end, Secretary of Defense Wilson ordered him to attend.

At this meeting Ridgway reluctantly agreed to the cuts, and his colleagues on the Joint Chiefs of Staff now plead that, since he once agreed, he must go through with the agreement.

"Krupp," remarked one diplomat, "happens to be the product of the Dulles policy of building up Western Germany. Now that Mr. Dulles has helped wash the blood off Mr. Krupp's hands, he lets him go down to Latin America to take our trade away."

Note—Krupp already has \$160,000 in contracts for steel mills in India.

# McCarthy Will Submit Lie Detector Proposal

Army-Cohn Clash 'Truth' Important

WASHINGTON (P)—Sen. McCarthy (R-Wis) returned here Sunday night for the showdown airing of his dispute with the Army and suggested that witnesses, including himself, be asked to submit to lie detector tests.

Ending a four-day mid-western speaking tour, McCarthy said he will submit the lie detector proposal to his Senate Investigations Subcommittee when it meets Tuesday. It will be up to the committee to decide whether this is "proper procedure," he said.

Exactly when the public sessions of the subcommittee will start was undecided. Tuesday's closed session was called to receive a report from Sen. Mundt (R-SD) on efforts to obtain a special counsel for the investigation and other plans for the inquiry.

McCarthy said his past experience as a circuit court judge in Wisconsin had convinced him of the value of lie detector tests in getting at the truth.

FBI Chief J. Edgar Hoover has publicly questioned their reliability, and tests made with them are not admissible as evidence in the courts of any state unless they are made voluntary.

McCarthy has suggested the use of lie detectors in other cases, but the Senate committee has never used them.

"The truth in this case is the important thing," McCarthy said. "Any attempt to blackmail a committee out of revealing the truth about Communism certainly is more important than any murder case which, as a judge I ever tried."

**Voluntary**

He said the lie detector tests could be given only if the witnesses before the subcommittee agreed.

The controversy revolves about an Army report that McCarthy and his chief counsel, Roy Cohn tried to pressure top Army officials into giving favored treatment to G. David Schine, a former subcommittee aide who was drafted as an Army private last November.

As the stage was being set for the promised public hearings on the conflicting charges between McCarthy and Cohn, on one hand, and Secretary of the Army Stevens and his counsel, John G. Adams, on the other, developments in the dispute included:

Two Episcopal deans attacked "McCarthyism" from the pulpit. The Very Rev. Francis B. Sayre Jr., dean of the Washington Episcopal Cathedral, and the Very Rev. Dr. James A. Pike, dean of St. John the Divine of New York, both called the senator's methods "evil" and "another of the devil's disguises." They said the American people were to blame for McCarthy's present power.

Pike also criticized what he called the position of the Catholic Church on the subject of "McCarthyism." He said "it is not surprising that the Roman Catholic hierarchy, not averse to taking positions on other moral issues, has been silent on McCarthyism, and that the Roman Catholic papers with huge circulations have been pro-McCarthy in influence." McCarthy is a Roman Catholic.

**GOV Mess'**

Sen. McClellan of Arkansas, a Democratic member of the subcommittee, said the dispute "is wholly a Republican mess" with all the principals in the hearings either "Republicans or under Republican control."

Mundt, who will preside over the hearing with McCarthy stepping aside for the inquiry, disagreed with McClellan. He said

**BISHOP FULTON J. SHEEN**

## The Life Of Christ

### CHAPTER VII

In yesterday's installment Bishop Sheen pointed out the lesson for our world today, in the way Christ resisted temptation. The Bishop also stressed the differences between Satan's temptation of man and of Christ. Man's three temptations are those of the flesh (lust), the mind (pride), and of things (avarice). To Christ's first temptation to become a social reformer by giving bread to the multitudes, Our Lord replied to Satan, "Not by bread alone doth man live . . ." And because Satan suspected Jesus of being God's son he prefaced each of Jesus' temptations with the conditional "If . . . If Thou be the Son of God . . . , etc.)

Our Lord does not deny that men must be fed, or that social justice must be preached, but He asserts that these things are not first. He is saying to Satan: "You tempt Me to a religion which would relieve want; you want Me to be a Baker, instead of a Saviour; to be a social reformer instead of a Redeemer. You are tempting Me away from My Cross, suggesting that I be a cheap leader of people, filling their bellies, instead of their souls; you would have Me begin with security instead of ending with it; you would have Me bring outer abundance, instead of inner holiness.

"You and your materialists say: 'Man lives by bread alone, but I say to you: 'Not by bread alone.' Bread there must be, but make that even bread gets all of its power to feed from Me. Bread without Me can harm man, and I refuse to hold any theory about security, apart from the Word of God, even though I must go hungry."

\*\*\*

"If I give bread alone, then even dogs shall come to My Banquet. Those who believe in Me must hold that faith, even when they are hungry, starved, weak, in prison, scourged, and even rotting in your Soviet prisons.

"I am hungry! I have not eaten for forty days, but I refuse to become a mere ethical reformer by catering to the economic and to pleasure and satiety. Say not that I am disinterested in social justice, for I am feeling now the hunger of the world. My stomach groans with the starving, crawling wrecks of humanity. That is why I fasted, that they can never say God does not know what hunger is. Begone

Cohn "is a Democrat." Asked whether the Republicans could be hurt politically by the investigation, Mundt said he would have to wait and see what happens. He added that "up to now it has not helped either side."

3. Sen. Ferguson of Michigan, GOP Senate Policy Committee chairman, said in a TV interview he felt that McCarthy should step from the subcommittee during the hearing "as is usually done in courts by judges that have anything to do with the matter before them."

Sen. Symington (D-Mo.), a member of McCarthy's subcommittee, has firmly suggested also that McCarthy should disqualify himself as a member while the inquiry is on.

**Proposed Code**

4. Ferguson said in his TV interview that he had heard from several congressional investigators on his proposed code but he hasn't heard from McCarthy. He said various committee chairmen have notified him they are taking steps to adopt the seven "minimum" rules suggested recently by his policy committee.

5. Sen. Monroney (D-Oklahoma), criticizing McCarthy, said one-man congressional subcommittee hearings are dangerous to the nation, because "one man becomes prosecutor," public jury and court reporter."

Answering a slap McCarthy took at him in an Oklahoma City speech calling Monroney "your little Lord Fauntleroy" and a "waterboy for the leftwingers," the Oklahoma senator said:

"I expect Sen. McCarthy feels anybody so old-fashioned as to still believe in the Bill of Rights and the Constitution may be a Fauntleroy, and those still old-fashioned enough to believe in trial by jury and presumption of innocence may be as dangerously left-wing as Thomas Jefferson and Abraham Lincoln."

**GOV Mess'**

2. Sen. McClellan of Arkansas, a Democratic member of the subcommittee, said the dispute "is wholly a Republican mess" with all the principals in the hearings either "Republicans or under Republican control."

Mundt, who will preside over the hearing with McCarthy stepping aside for the inquiry, disagreed with McClellan. He said

Satan senses defeat as Christ rejects his first challenge

And they will hold Thee up with their hands.

Lest Thou should chance to trip on a stone."

\*\*\*

Satan is here saying: "Why take the long and tedious way to win mankind, through the shedding of blood, the mounting of a Cross, through being despised and rejected, when you can take the short cut by being a prodigy? You have affirmed Your trust in God. Very well! If you really trust, do something heroic! Prove faith, not by going to a Cross in obedience to God's Will, but by flinging yourself down. You will never win people to Yourself with sublime truths about Your Divinity preached from church steeples and pinnacles. The masses cannot follow You: they are too far below. Clothe Yourself with wonders! Throw Yourself down from the earth to the earth."

Then, quoting Scripture, he continues:

"For it is written He shall give His angels

Charge concerning Thee, to keep Thee safe,

(To Be Continued Tomorrow)

\*\*\*

Satan, having failed to win Our Lord away from His Cross and Redemption by turning Him into a Communist commissar promising bread, now turns the attack upon His Spirit and His Soul. Seeing that Our Lord refuses to subscribe to the belief that man is a stomach, as he is for some economists, Satan now tempts Him to pride and egotism.

As a symbol of that vanity, the devil takes Him to a lofty pinnacle of the temple and says to Him:

"Cast thyself down from this to the earth."

Then, quoting Scripture, he continues:

"For it is written He shall give

His angels

Charge concerning Thee, to keep Thee safe,

(To Be Continued Tomorrow)

\*\*\*

Local committees are busy preparing for the Central States Conference to be held here May 23 to 26 to discuss penal and correctional activities in law enforcement as well as pardons and paroles.

The conference consists of 11 midwest states and in addition Gov. Robert Crosby has invited non-conference states of Colorado, Wyoming, Oklahoma, South Dakota and West Virginia to send representatives. It is expected about 300 will attend.

The climax of the conference will be a trip to Boys Town.

Speakers will include outstanding officials in the various fields from all sections of the United States. Subjects to be discussed will include juvenile delinquency, parole, probation, correctional institutions and prison farms and rehabilitation.

Meeting will be open to the public but the local committee is particularly anxious for court judges, sheriffs, city police and welfare agency representatives to attend so that all can become informed on the services other agencies offer.

A committee of district judges will attend as part of their studies for the state bar association on the need of the state for changes in parole and probation procedures.

The collision occurred about three miles east of nearby Wright-Patterson Air Force Base.

The two men killed were occupants in the jet, officials at Wright-Patterson reported.

Officials said the Naval Air Reservist, Lt. (J.G.) John D. Turner, 26, of Columbus, O., barely escaped death. A young Naval Air Reserve pilot was seriously injured, escaping death through what Air Force officials said was a near-miss.

No one had more fun on Saturday evening than the members of the Revelers Club who had a circus masquerade party at Hotel Cornhusker. Preceding the dinner dance, the group

gathered for a 7 o'clock to 8 o'clock social hour at the hotel. Seated (left to right) are Chan Tyrrell, Mrs. William Ammon, Clem Tyrrell and Mrs. Robert Henderson, on the tri-

cycle. Standing (left to right): Dr. Earl Lampshire, Mrs. Robert Higgins, B. G. Fullerton, Dr. F. A. Pierson Jr., Mrs. Clem Tyrrell and H. P. Wagy. (Star Photo.)

## Sigma Kappa Makes Award

Mrs. John McLinay of Omaha was honored as "The Sigma Kappa of the Year" at the sorority's third annual State Day banquet held on Sunday at the chapter house. Mrs. McLinay was presented an engraved silver tray by Mrs. Charles Fowler of Lincoln, 1953 recipient of the award.

Alumnae members from out of town attending State Day included Mrs. Duane Grove, Mrs. Herman Fenster and Mrs. Ruth Wages of York; Mrs. George McCubbin, Elkhorn; Mrs. Wallace Bender, Sutton; Mrs. Hyle Thibault, Ravenna; Mrs. Richard Brown, Imperial; Mrs. B. B. Bedwell and Mrs. A. J. Weaver, Falls City; Mrs. George Morrow, South Sioux City; and from Omaha, Mrs. Clark Irey, Mrs. John Hayes, Mrs. Charles Wilson Jr., Mrs. Frank Cooper, Mrs. Henry C. Lucas, Mrs. William C. Hockett, Miss Alice Smith, Miss Nancy Spring, Miss Robert Prahl, Miss Ann Pane, Miss Elaine Lof, and active chapter members from Omaha University.

## PTA State Day Program

The annual State Day program of District 126 PTA was held Friday evening at the school with Mrs. Iola Decker as program chairman. Mrs. Lester Vest presided at the meeting, and the program was presented by 6th, 7th and 8th grade pupils of Mrs. Veda Thomas.

Pupils participating in the program were Judy Umberger, Katherine Benecke, Kathy Mahr, Dennis Green, Joan Campbell, Jerry Buskirk, Ruth Rodgers, Alice Ducker and Wesley Snyder. At the close of the evening, refreshments were served by the hosts and hostesses, Mr. and Mrs. John Rezac, Mr. and Mrs. J. Wilken and Mr. and Mrs. Charles Svara.

## BSP Chapter Has Election

Alpha Iota chapter, Beta Sigma Phi, has elected Miss Norma Baxter as its president for the coming year. Other officers will be Miss Joyce Fruide, vice president; Miss Helen Suhr, recording secretary; Miss Josephine Gutierrez, treasurer; and Miss Lois Hensel, corresponding secretary.

Miss Baxter and Miss Eileen Motz were named chapter representatives to the sorority's city council with Miss Joanne Moline as alternate, and voted the chapter's Ideal Girl was Miss Ellen Fitting.

The chapter will join members of Kappa chapter for a "ritual of jewels" April 4.

## Auxiliary To Entertain

Another in the series of nurse-recruitment teas will be given by members of the Lancaster County Medical Auxiliary Tuesday afternoon at the Lincoln General Hospital nurses' home. The guests will be senior girls at Cathedral High School and College View High School.

In charge of the program will be Mrs. E. B. Reed, and chairman of the hostesses will be Mrs. D. F. Purvis who will be assisted by Mrs. Horace Munger, Mrs. W. G. Wiedman, Mrs. J. G. Wiedman and Mrs. R. L. Thomas.

At a candlelight ceremony

solemnized on Sunday, March 21, at the Waverly Methodist Church, Miss Jane Anderson, daughter of Mr. and Mrs. O. L. Anderson of Waverly, formerly of Lincoln, became the bride of Albert Scheffert, son of Mrs. Lois Scheffert of Roca.

## Speaking Of Demagogues

"It took backbone to stand up and be counted, in an election year, against the essentially demagogic Democrat arguments in favor of increasing the personal exemptions on the income tax."—Extract from an editorial column in a Lincoln evening newspaper.

★

Who is a demagogue? A demagogue, it appears in the present climate, is anyone with whom you disagree—or anyone who disagrees with you.

Demagogue, by the same token, is an expression of view which conflicts with your own thinking, regardless of whether you may know anything about the subject or not.

It was the position of the editor of a Lincoln evening newspaper that a proposal to the Administration's tax bill in the lower house of Congress by the loyal opposition—a proposal to increase the individual's exemption from \$600 to \$700 a year—was demagogic.

★

Maybe. We seriously doubt, however, that mere name-calling, to which the editor of a Lincoln evening newspaper resorts, in any way deals with the real merits or lack of merit of the tax program now before Congress, or the current debate over it which is now in progress.

Even more, we doubt that name-calling in any way reveals any understanding or knowledge of the tax problem which confronts masses of American citizens.

This tax problem is not limited to what is called the "low income bracket." It affects America's great middle class acutely—a middle class frequently hailed as the source of strength and power in this country. Today it is made up of workers—manual and skilled laborers—artisans in their own right—farmers—wage earners and salaried people—white collar workers.

★

If it is to be name-calling, what could be more demagogic than the paragraph written by this Lincoln evening newspaper editor to defend an Administration bill, a bill which obviously favors corporate wealth and riches, a paragraph so shockingly untrue:

"The President has characterized his administration as 'conservative in economics and liberal in dealing with people.' His stand on the tax issue fits that description exactly. The Administration's revised tax code is liberal in relieving tax hardships on widows, old-age pensioners, working wives, children who work for income, people with heavy medical expense, and small businessmen.

Loss carry backs—corporation allowed in profitable year to deduct for losses for two years back, instead of only one as now—Saving to corporate taxpayers, 100 million dollars.

Other benefits: More liberal provision for certain non-metallic mineral resources and more liberal accounting provisions—Would save corporations 72 million dollars.

This adds up to 787 million dollars the first year—billions later. And this does not include a provision of corporate income from operations abroad, which would save corporations so situated 137 million dollars.

★

These estimates are not our estimates.

They are the estimates prepared by Secretary of the Treasury Humphrey and his staff of experts for the guidance of Congress, and in support of the measure.

This bill will provide a very limited measure of relief—at the maximum, not to exceed 330 million dollars for the little taxpayer. This bill will provide a minimum of relief for the corporations and for wealth of 787 million dollars—more than double that in which Mr. and Mrs. John Q. America can expect to share.

It is a rich man's bill. It is bad legislation. It will not revive purchasing power, because the theory that benefits conferred upon those at the top seep to those beneath is false and experience has proved it false.

Speaking of demagogues, who is a demagogue? What is the name for a man, writing about a bill, who ignores the benefits bestowed upon great wealth?

Thankless Job, Without Pay

Five of the six members of the Board of Regents of the University of Nebraska and the acting chancellor, Mr. John K. Selleck, were in Chicago Saturday. They were there to talk with men now under preliminary consideration for the post vacated by Dr. R. G. Gustavson. There were prying eyes to determine the identity of the men with whom the board desired to talk.

The Regents of the University of Nebraska serve without pay. Theirs is a thankless job of the highest order, calling for the expenditure of time, energy, and thought. They are empowered to draw expenses. It costs money to travel to Chicago and back, not a lot of it, but it still costs money. There is transportation. There are hotel bills. There are meals, coming and going. It costs to travel. Yet these Regents, earnestly engaged in search for a new chancellor, are forced to travel because a Lincoln evening newspaper is unwilling to grant potential candidates for the chancellorship the ordinary, common-sense courtesy of permitting them to come to Lincoln to talk with the board and look over the campus without being mugged and publicized. Some of them do not crave the headlines; some of them are not even applicants for the job. Some of them, men of high repute and high standing in their fields, understandably resent being cast in the light of seeking a job when actually they are not. Some of them are being sought by Nebraska, not in any sense self-seeking.

This could be ludicrous if it were not costly in terms of money, damaging to the University itself, indifferent to the ordinary considerations observed both in private and public life. Surely men of high scholastic qualifications, men of delicate sensibilities, men who are not out hunting jobs, are entitled to more decent treatment than this. And surely Nebraska taxpayers should not be called upon to pay out money because one newspaper thinks it is law unto itself.

There has been a lot said about the right of the public to know. This is public business, and it is said that the public has a right to know every step taken in connection with it. This newspaper has a great respect for the public's right to know. It not only has a respect for that right, but in its everyday labors it has attempted in every sense of the word to discharge the normal, natural, sensible interpretation of the public's right to know. This newspaper has expressed its willingness to co-operate fully with the acting chancellor and with the Board of Regents in the difficult, delicate task which confronts them. It knew in advance of the plan to interview some more prospective material for the post of chancellor. Without too great a struggle with itself, it was able to resist the temptation to put the bloodhounds on the trail.

Also A Right To Privacy

The public's right to know. This newspaper has attempted in every sense of the word to discharge the normal, natural, sensible interpretation of the public's right to know. This newspaper has expressed its willingness to co-operate fully with the acting chancellor and with the Board of Regents in the difficult, delicate task which confronts them. It knew in advance of the plan to interview some more prospective material for the post of chancellor. Without too great a struggle with itself, it was able to resist the temptation to put the bloodhounds on the trail.

We know the people of Nebraska have every wish that the Board of Regents select the man who will serve this state most usefully as the head of the University of Nebraska. We know also that within limitations, the right to know has to be applied with some degree of intelligence to the right of privacy.

## DREW PEARSON

## Ridgway May Quit Over Army Cut-back

WASHINGTON—A crisis inside the armed services is not unlike that when Adm. Louis Denfeld walked out as Chief of Naval Operations is now taking place in connection with the so-called "new look."

Gen. Matthew B. Ridgway, Army Chief of Staff, and one of the most respected men in the Pentagon, has balked at going along further with drastic military cuts. He has argued that the Army is already reduced too drastically and that as an officer entrusted with the safety of the United States he cannot conscientiously go along with any further reduction.

The Air Force claims also that one of its huge C-132 cargo planes can haul more equipment overseas than a liberty ship—in the same time that it takes the ship to make a round trip.

The Air Force claims also that one of its huge C-132 cargo planes can haul more equipment overseas than a liberty ship—in the same time that it takes the ship to make a round trip.

The arguments so far have been conducted with dignity and deference. There have been no heated exchanges. But the point has been reached where Ridgway, hero of Korea and former chief of NATO, will either have to yield or resign.

It was to give diplomatic support to Gen. Ridgway that Adm. Arthur Radford, chairman of the Joint Chiefs of Staff, gave his Senate testimony last week that the "new look" and push-button warfare might not be the only military answer.

"I believe this nation could be a prisoner of its own military posture," Radford testified, "if it had no capability other than one to deliver a massive attack."

Radford, who has argued against too drastic curtailment of the big carrier program and doesn't favor putting too many ships in mothballs, personally sympathizes with Ridgway. However, he had a long talk with him last week, after which Ridgway declared: "I will answer only to my own conscience."

It first became known how vigorously Ridgway opposed Army cuts when he excused himself from attending the National Security Council meeting at which the cuts were finally to be decided. "Previous engagement," was Ridgway's excuse. In the end, Secretary of Defense Wilson ordered him to attend.

At this meeting Ridgway reluctantly agreed to the cuts, and his colleagues on the Joint Chiefs of Staff now plead that, since he once agreed, he must go through with the agreement. However, he is sticking to his guns.

Meanwhile the economists in the Eisenhower cabinet point out that the mid-Pacific hydrogen explosion has proved more conclusively than ever that ground forces are outmoded. A hydrogen bomb that can affect fishermen, 75 miles away, they point out, could contaminate the city of New York, plus Newark and Elizabeth, N. J., Bridgeport, Conn., and up to the Hudson to Poughkeepsie.

Note—Admiral Denfeld resigned when Secretary of Defense Louis Johnson insisted on cutting naval strength. However, Denfeld was publicly active in opposing the Defense Department. Ridgway was opposed only in private, has let no word of his position leak outside.

DEFINITION OF A FILIBUSTER

Newsmen called Mississippi Sen. Jim Eastland's office the other day for an advance copy of a Senate speech, attacking Hawaiian statehood.

"There won't be any copies."

## DORIS FLESON

## Right Wing Paper Dies

WASHINGTON—The far right wing of the Republican party has lost its press voice in the nation's capital.

Its friend, Col. Robert R. McCormick, added insult to its injury when he sold the Washington Times-Herald to the liberal Washington Post which Sen. McCarthy has called the Washington branch of the Daily Worker.

McCarthy is not stingy with this appellation but bestows it freely on newspapers which attack him. Nonetheless, Republicans to the right of President Eisenhower have long been galled by Post attitudes and the colonel's perfidy is a bitter pill for them.

From this angle the sale represents a clear gain for the Eisenhower administration as it continues to head into deep water with the Republican right. The right wing, of course, will continue to be told, but in the Times-Herald it had more than a reporter, it had a true believer and advocate.

That Col. McCormick should be indifferent to the political aspect of the sale goes far to prove the frank assertions of those intimately involved in the sale that he is old, tired and sick. He has no children to carry on for him.

The Times-Herald passed into the colonel's hands from another heir to the Chicago Tribune fortune, the late Eleanor (Cissy) Patterson who bought it from Hearst and made a great success of it. At that time, he chose an heir-apparent, his niece, Ruth (Bazey) Miller, daughter of the late Ruth Hanna McCormick and now Mrs. Garvin Tankersley, and put her in charge of the Times-Herald.

Mrs. Miller, as she then was, plunged into Republican right wing politics and materially helped Sen. McCarthy in the Maryland campaign to unseat Millard Tydings. But neither her management of the paper nor her subsequent divorce and re-marriage to a Times-Herald photographer pleased her uncle. They are personally reconciled now and she is known to have had hopes of returning to the paper. She still resides here.

Mrs. Tankersley was not told until 2 p.m. Monday, that the Times-Herald was being sold.

## BILL DOBLER At City Hall

## Railroads Promise Aid On Antelope

There was encouraging news out of the City Hall during the last week in regard to flood control work on Antelope Creek. And the most significant of this news was the report by City Engineer D. L. Erickson that all five railroads with structures spanning the creek had agreed with the city, county and sanitary district in regard to the engineering problems involved.

Bill Doblerville, railroad engineer, is up to the city, county and district, however, to make sure those roads don't forget last week's commitments at their next budget sessions. Some of those railroads have already spent money improving several of their structures over the creek but the remaining bottlenecks materially reduce the effectiveness of the improvements.

Another smaller phase of the flood control work on Antelope has caused some apprehension among property owners. Concern has been expressed over the possibility of the soon-to-be-constructed dike along D from 27th to 30th backing flood waters up and adding to flood damage in the region to the southeast.

According to the city engineer, there is nothing to fear in that respect. The department explains that before the dike would back up water to a point of destruction to the south, it would be washed out.

The dike is expected to hold back a moderate flood from sweeping through the low area at 27th and Randolph. It is not expected to do this, however, at the expense of the area southeast of 27th and D.

Until someone can produce facts to dispute the engineering department's studies, there appears to be no valid reasons for fearing the dike.

When Gov. Robert Crosby as recently suggested that many municipalities are blaming the state

is bound to have a military force and such a force outside the control of a European system would be a greater danger for France.

The fear of the French also derives from a lack of confidence in the capacity of the French economy to compete with the German economy, and there is ample justification for this lack of confidence. The French economy is confined in a straitjacket of protectionism and bureaucratic red tape. The big industrialists are sharply divided, with an important faction working actively against ratification of the European peace.

They are said to fear an inevitable next step, which would be opening up not only a common coal and steel market but all other markets to unrestricted competition within the six countries. The French economy could scarcely stand such competition, or so the industrialists believe.

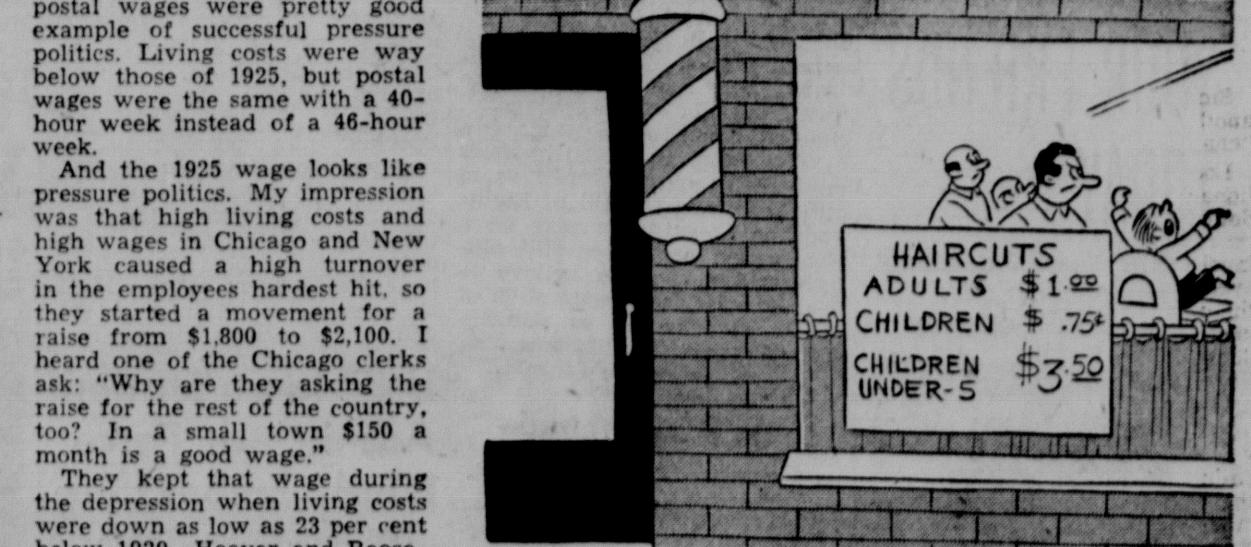

Even Foreign Minister Georges Bidault is reported to be against the kind of political union that would also mean a complete economic merger. Bidault is, of course, the mainstay of American hope in bringing EDC into being with French ratification. At the Berlin conference he frequently held the center of the stage in repulsing Molotov's proposal to abandon EDC in return for a security pact.

The French do not like being pushed into EDC. They wonder if the American government would be any more capable, in view of the seemingly endless uproar over Senator McCarthy, of taking a step that hurts so drastically across the deepest traditions of a nation with a long record of achievement in every department of the state.

If the political ties binding the alliance are damaged, the thousand and one reasons for inaction is an overwhelming fear of a resurgent Germany. Reasonable Frenchmen know perfectly well that this is unreasoning, since Germany

Drought Cuts Flow:

# Dam-Water Orders Earlier This Spring

OMAHA, Neb.—Unusually early spring demands are being made upon Missouri River reservoir water to supplement drought-reduced natural flows for the opening of the navigation season and other increased water requirements on the lower river, Brig. Gen. W. E. Potter, Missouri River Division Engineer, announced.

To meet these demands the Reservoir Control Center of the Omaha Division office of the Corps of Engineers, today began stepping up reservoir releases from nearly completed Fort Randall Reservoir in South Dakota. This followed last weeks scheduling of increased flows from the Fort Peck Reservoir in northeast Montana and Garrison Reservoir in North Dakota. This whole operation is being carefully synchronized.

Opening of the control gates at these three big reservoirs to increase the river discharges and improve channel depths will provide approximately three times the volume of water in the river over that prevailing through the winter months. For example, it will insure a flow of about 30,000 cubic feet per second at Omaha and about 35,000 at Kansas City focal river navigation ports. This compares with a natural flow of about 10,000 to 15,000 cubic feet past those points in late winter months.

This is how the Reservoir Control Center schedule of increased releases will affect the three reservoirs: Fort Peck releases, which have been averaging about 4,000 cubic feet per second in late winter months, have been stepped up to about 10,000; Garrison releases which had been averaging about 10,000 cubic feet per second, are being increased to about 21,000, and Fort Randall from 10,000 to about 25,000.

General Potter explained that the Fort Randall operation will be largely one of re-regulating releases from Fort Peck and Garrison, since the reservoir level at Fort Randall must be maintained at near its present stage in order to meet requirements for the production of power on that project's new 40,000 kilowatt generator which be-

came operational in January.

Both Nebraska groups re-elected all of their officers for the coming year.

The Horological group re-named: Michael Hansen of Omaha, president; John W. Jones of Grand Island, vice president, and William J. Yost of Milford, secretary-treasurer.

The jewelers re-elected: Robert W. Meyer of Broken Bow, president; Lloyd Lockwood of Sidney, first vice president; Elton Combs of Omaha, second vice president; W. V. Byers of Lincoln, third vice president, and Corey W. Chase of Holdrege, secretary-treasurer, and regional vice president for the national association.

## Firemen Lose Fight

MEDICINE LAKE, Mont. — Volunteer firemen saved surrounding buildings but flames swept through their fire hall and ruined their fire truck.

## Masquerades Are Such Fun!

No one had more fun on Saturday evening than the members of the Revelers Club who had a circus masquerade party at Hotel Cornhusker. Preceding the dinner dance, the group

## Sigma Kappa Makes Award

Mrs. John McLain of Omaha was honored as "The Sigma Kappa of the Year" at the sorority's third annual State Day banquet held on Sunday at the chapter house. Mrs. McLain was presented an engraved silver tray by Mrs. Charles Fowler of Lincoln, 1953 recipient of the award.

Alumnae members from out of town attending State Day included Mrs. Duane Grove, Mrs. Herman Fenster and Mrs. Ruth Wages of York; Mrs. George McCubbin, Elkhorn; Mrs. Wallace Bender, Sutton; Mrs. Hyle Thibault, Ravenna; Mrs. Richard Brown, Imperial; Mrs. H. B. Bedwell and Mrs. A. J. Weaver, Falls City; Mrs. George Morrow, South Sioux City; and from Omaha, Mrs. Clark Irey, Mrs. John Hayes, Mrs. Charles Wilcox Jr., Mrs. Frank Cooper, Mrs. Henry C. Lucas, Mrs. William C. Hockett, Miss Alice Smith, Miss Nancy Spring, Miss Robert Prai, Miss Ann Pane, Miss Elaine Lof, and active chapter members from Omaha University.

## PTA State Day Program

The annual State Day program of District 126 PTA was held Friday evening at the school with Mrs. Iola Decker as program chairman. Mrs. Lester Vest presided at the meeting, and the program was presented by 6th, 7th and 8th grade pupils of Mrs. Veda Thomas.

Pupils participating in the program were Judy Umler, Katherine Benecke, Kathy Mahr, Dennis Green, Joan Campbell, Jerry Buskirk, Ruth Rodgers, Alice Ducker and Wesley Snyder. At the close of the evening, refreshments were served by the hosts and hostesses, Mr. and Mrs. John Rezac, Mr. and Mrs. J. Wilken and Mr. and Mrs. Charles Svara.

PTA State Day Program

gathered for a 7 o'clock to 8 o'clock social hour at the hotel. Seated (left to right) are Chan Tyrrell, Mrs. William Ammon, Clem Tyrrell and Mrs. Robert Henderson, on the tri-

cycle. Standing (left to right): Dr. Earl Lampshire, Mrs. Robert Higgins, B. G. Fullerton, Dr. F. A. Pierson Jr., Mrs. Clem Tyrrell and H. P. Wages. (Star Photo.)

Time: 9 a.m. to 5 p.m.

Hostesses: Morning, Mrs. Frank Boehmer, Mrs. Herbert Gooch.

Afternoon, Mrs. Ellery Davis, Mrs. Elsie G. Fullerton, Mrs. Pauline Ensign Abbott.

## Today's Artist

WILLIAM KING

Not yet 30 years old, William King will go down in the annals of the Nebraska Art Association's 1954 annual spring exhibit, as one of the show's favorite artists. Mr. King, of course, will be basking in reflected glory, for it is his "Miss B" painted wood, that is garnering all of the plaudits. "Miss B" is a gal with personality—she is straight out of the twenties by way of figure, and easily could be the sister of those flappers that made John Held, Jr., famous. It could be that Mr. King, who was born in Jacksonville, Fla., educated at the University of Florida and the Cooper Union Art School, used Mr. Held's work as something of a model. If so, he also had another model, a more serious one—Elie Nadelman—whose "Man in the Open Air" was acquired several years ago for the Association's permanent collection. But for all of his could-be models, and his enthusiasm for the modes of the recent past, King still is himself. He has fashioned "Miss B" with a fresh and direct simplicity, exploiting both the tools with which he works, and the block of pine from which the figure is cut.

## BSP Chapter Has Election

## Auxiliary To Entertain

Another in the series of nurse-recruitment teas will be given by members of the Lancaster County Medical Auxiliary Tuesday afternoon at the Lincoln General Hospital nurses' home. The guests will be senior girls at Cathedral High School and College View High School.

In charge of the program will be Mrs. E. B. Reed, and chairman of the hostesses will be Mrs. D. F. Purvis who will be assisted by Mrs. Horace Munger, Mrs. W. G. Wiedman and Mrs. R. L. Thomas.

# TOWN TALK

TOWN TALK tells us that the travel bug really has been busy in Lincoln the past few days—During the week end various of the populace took off by land and by sky for more than casual trips—Honolulu, Tokyo, Lisbon, Rome—and of course Paris and London, are among the many cities that are to be visited.

LEADING the procession on the travel parade was Mrs. Donald W. Miller who left last Thursday for San Francisco—from there she will fly to Honolulu—and then on to Tokyo—After Tokyo comes Hong Kong and Bangkok—an extensive excursion into India—Mrs. Miller will visit Pakistan, Iran and Iraq, and will go to Lebanon and Syria, and later she will visit Jordan and Turkey, and will spend several days in Greece and Yugoslavia. June will find her in Rome from where she will begin the trip home—she will begin the trip home.

THE WOODS—Mr. and Mrs. Thomas C—departed Saturday evening for the east coast where they will be joined by Mrs. Arthur Raymond who left on Sunday. From New York the threesome of travelers will fly to Lisbon where they will remain during the Easter season. From Spain Mr. and Mrs. Woods and Mrs. Raymond will go to Italy, and then on to France—Mrs. Raymond plans to return home sometime in May, but Mr. and Mrs. Woods will linger abroad until June when they will sail from England.

THEN we learned that Mr. and Mrs. Arthur Perry will board a plane in San Francisco today, for Honolulu and a visit abroad until June when they will sail from England.

to the Hawaiian Islands. Mr and Mrs. Perry went to San Francisco from North Bend, Ore., where they had been visiting their son-in-law and daughter, Mr. and Mrs. Louis DuTeau and devoting their time to becoming acquainted with their grandson "little Al" DuTeau.

SINCE all of the party chatter last Saturday we've about run out of news along that line—We do have one party, though, and the only reason you didn't read about it on Saturday is because it was a surprise—on Mr. and Mrs. Flavel Wright.

On Saturday evening Mr. and Mrs. Wright, who have moved to but are not completely settled in their new home at 2510 So. 24th St., were surprised by a group of their friends who brought all of the food and fun that go into the making of a successful housewarming. Fifteen couples were included in the festivities.

## Brides At Sunday Ceremonies

MRS. ALBERT SCHEFFERT

At a candlelight ceremony solemnized on Sunday, March 21, at the Waverly Methodist Church, Miss Jany Anderson, daughter of Mr. and Mrs. O. L. Anderson of Waverly, formerly of Lincoln, became the bride of Albert Scheffert, son of Mrs. Lois Scheffert of Roca.

MRS. IVAN KUSTER

Duane Buel served Mr. Kuster as best man, and the maid of honor was Miss Dorothy Dillidine. The bridesmaids were Miss Jayne Smith and Miss Maxine Patterson, and Miss Sandy Clements was flower girl. Lighting the candles were Miss Joan Smith and Miss Joyce Smith.

Glen Scheffert served his brother as best man, and seating the guests were Marvin Heusinkveld, Marvin Tenopir and Wendell Wissel. Jackie Anderson was ring bearer.

The bride wore for her wedding a gown of white Chantilly-type lace over satin. An applique motif of satin and seed pearls framed the illusion yoke in the drop-shoulder mode, and long, fitted sleeves completed the lace basque. The full lace skirt extended into a train, and her lace-edged veil of illusion was held by a coronet of pearls. She carried a white Bible ornamented with white orchids.

Immediately following the ceremony a reception was held in the church parlors. Upon returning from a short trip, Mr. and Mrs. Scheffert will reside in Lincoln.

The bride is a member of Epsilon Sigma Alpha sorority.

SCHUMMTE-KUSTER

Pink and white gladioli and lighted candles appointed the altar of the Hickman Presbyterian church where the marriage of Miss Esther Schumme, daughter of Henry H. Schumme, to Ivan Kuster took place at a 4 o'clock ceremony on Sunday afternoon, March 21. The Rev. James K. Lyon read the service in the presence of only the immediate members of the families, and preceding the ceremony Mrs. Daniel Moser sang, accompanied by Mrs. Martin Vermaas, organist, who also played the wedding music.

The ceremony was followed by a wedding supper at Lone Oak after which Mr. Kuster and his bride left for a brief honeymoon trip. Upon their return they will reside on a farm near Roca.

The bride is a member of Epsilon Sigma Alpha sorority.

COOKED SALAD DRESSING

Heat 1/2c. wine vinegar to boiling. Beat 3 egg yolks with 1/2t. prepared mustard, dash salt, 1/4t. cayenne pepper and 1t. sugar, until thick, in top of double boiler. Cook over hot water, while stirring, until thickened. Chill. Makes about 3/4 cup.

## Trim Tom Neill Reports; Outfield List Complete

By NORRIS ANDERSON  
Sports Editor, The Star

CORPUS CHRISTI, Tex. — The thin man used to be the name of a detective who somehow managed to solve crimes between cocktails.

The thin man in the Lincoln Chiefs spring baseball camp is veteran Tom Neill, who arrived Sunday to complete a man a g e r Whitey Wieltemann's outfit.

The Chiefs' second high batsman (278) reported in at 198 pounds. This figure, stretched across a 6-foot 2-inch frame, is some 10 pounds less than Tom weighed at the end of the 1953 season.

"I just ate less this winter," commented the 35-year-old out-

Torch Club Into Lead In Kegler Meet

Torch Club of Omaha Sunday night roared to first place in the Class A team competition in the Women's State Bowling Tournament at the Bowl-Mor Lanes and en route established a new high scratch for the tournament with 2465.

The change, which moved Midwest Securities of Fairbury down to second place, was the only major shake-up in the standings as the next-to-last weekend of rolling ended.

In the All-Events competition, Rita Howard, Omaha, boasting a 244 game, moved ahead of previous leader Bernice Price, also of Omaha, with a 559-572-512-1643.

Standings after Sunday night's bowling:

CLASS A TEAMS

Torch Club, Omaha 2165-237-2702

Drought Cuts Flow:

## Dam-Water Orders Earlier This Spring

OMAHA, Neb.—Unusually early spring demands are being made upon Missouri River reservoir water to supplement drought-reduced natural flows for the opening of the navigation season and other increased water requirements on the lower river. Brig. Gen. W. E. Potter, Missouri River Division Engineer, announced.

To meet these demands the Reservoir Control Center in the Omaha Division office of the Corps of Engineers, today began stepping up reservoir releases from nearly completed Fort Randall Reservoir in South Dakota. This followed last weeks scheduling of increased flows from the Fort Peck Reservoir in northeast Montana and Garrison Reservoir in North Dakota. This whole operation is being carefully synchronized.

Opening of the control gates at these three big reservoirs to increase the river discharges and improve channel depths will provide approximately three times the volume of water in the river over that prevailing through the winter months. For example, it will insure a flow of about 30,000 cubic feet per second at Omaha and about 35,000 at Kansas City focal river navigation ports. This compares with a natural flow of about 10,000 to 15,000 cubic feet past those points in late winter months.

This is how the Reservoir Control Center schedule of increased releases will affect the three reservoirs: Fort Peck releases, which have been averaging about 4,000 cubic feet per second in late winter months, have been stepped-up to about 10,000; Garrison releases which had been averaging about 10,000 cubic feet per second, are being increased to about 21,000, and Fort Randall from 10,000 to about 25,000.

General Potter explained that the Fort Randall operation will be largely one of re-regulating releases from Fort Peck and Garrison, since the reservoir level at Fort Randall must be maintained at near its present stage in order to meet requirements for the production of power on that project's new 40,000 kilowatt generator which be-

gan turning out electricity March 15.

This reservoir operation scheduling conforms with general operation procedures agreed upon in collaboration with interested states and other interested Federal agencies at conferences in Omaha last August.

In seasons of normal rainfall and snow cover, the natural flow of the Missouri has generally been sufficient for the early spring requirements of lower river navigation. But the extended months of drought over a large portion of the basin has substantially reduced the flows both in the Missouri and most of its tributaries. The reservoirs are being called into play much earlier than usual this year to meet the deficiency, demonstrating their importance not only to flood control, irrigation and power generation, but to meet low flow conditions resulting from dry cycles.

### Fashion Is Called 'Your Best Friend' At Jewelers Meet

GRAND ISLAND, Neb. (AP)—The fashion director for the Jewelry Industry Council told the Nebraska Retail Jewelers Assn. Sunday that "fashion is the jewelers best friend."

Miss Martha Pencilla of New York reminded the convention delegates that the women of the nation hold the purse strings, and as long as this is true, the success of their advertising, window displays and customer contacts depends largely on their ability to appeal to women.

"Smart merchandisers discovered years ago the effectiveness of fashion in selling all kinds of products which are not nearly so close to the fashion field as the merchandise in your store," she declared.

Both Nebraska groups re-elected all of their officers for the coming year.

The Horological group re-named: Michael Hansen of Omaha, president; John W. Jones of Grand Island, vice president, and William J. Yost of Milford, secretary-treasurer.

The jewelers re-elected: Robert W. Meyer of Broken Bow, president; Lloyd Lockwood of Sidney, first vice president; Elton Combs of Omaha, second vice president; W. V. Byers of Lincoln, third vice president, and Corey W. Chase of Holdrege, secretary-treasurer, and regional vice president for the national association.

### Firemen Lose Fight

MEDICINE LAKE, Mont. — Volunteer firemen saved surrounding buildings but flames swept through their fire hall and ruined their fire truck.

# Phil Ivory Hunters Still After Pitchers, Infielders

By JACK HAND

CLEARWATER, Fla. (AP)—Owner Bob Carpenter and Manager Steve O'Neill realize the Philadelphia Phillies' desperate need of infield help if they are to better last year's scraggly finish—a third-place tie with St. Louis, 22 games behind Brooklyn.

"Bob is doing the best he can, trying to make a deal," said O'Neill. "But nobody wants to give us what we need. We're still trying."

The reason for the frantic search is easy to see. Nobody knows where the Army might grab Ted Kazanski, the regular shortstop. Willie Jones, a problem child at 28, slumped to .225 for his second straight sub-par year. The third baseman reported several pounds overweight and has not convinced O'Neill he can bounce back.

If Kazanski stays all year and Jones snaps out of it, the Phillies might make a run at the leaders. But both are big "ifs" that appear unlikely now. Hence the hunt.

With Robin Roberts (23-16) and Curt Simmons (16-13) on the staff, the Phils cannot possibly go into any sensational tailspin. The two talented "stoppers" can avert disaster but they can't do the job all by themselves.

If anybody needs convincing on the quality of the Phils' pair of aces, the records tell the story. They contributed 52 complete games, one more than the entire Dodger staff. Roberts, the best righthander in the league, worked 347 innings and Simmons, one of the top lefthanders, pitched 238 innings despite a bout with a power mover that kept him out of action from June 4 to July 4.

The only important change the Phils made since the season ended was the acquisition of Murray Dickson, 37-year-old righthander who had a 10-19 with the last place Pittsburgh Pirates. Thus the Phils added to their pitching strength, already second best in the league but did nothing about bolstering their puny 265 team batting average.

Lack of punch hurt the Phils last season. Del Ennis, Granny Hamner and, occasionally, Jones hit homers but the club's home run production totalled only 115, second lowest in the league.

O'Neill plans to go with five regular starters—Roberts, Simmons, Dickson, Karl, Drews (9-10) and Bob Miller (8-9). Simmons, incidentally, will be the only lefthander on the staff. Steve Ridzik (9-6) and Thornton Kipper (3-3) might elbow into the starting list. Jim Konstanty (14-10) who yelled because he wasn't pitched for five weeks last August, has looked great but will probably stay in the bullpen unless traded. Johnny Lindell (6-17), the knuckleball artist, reported healthy and with arm trouble.

Of the new hands, O'Neill has been favorably impressed by Bob Greenwood, a 6-foot-4 righthander with an 11-12 record at Baltimore, and Jack Sanford (14-13 at Baltimore). Tom Qualters, a bonus pitcher, must be kept but he figures to sit it out most of the year.

Earl Torgeson, who didn't live up to advance billings last year, has been given the first base job. Granny Hamner is the second baseman with Kazanski at short and Jones at third for the present. The only reserve infielders are two youngsters from Terre Haute, Class B, Bob Micelotta and Ben Tompkins, the former Texas football star.

Del Ennis is left and Richie Ashburn is center in the strongest positions on the club, pitching excluded. Ennis had 285 last season, drove in 125 runs and slammed 29 homers. Ashburn led the league with 205 base hits and averaged 330. Johnny Wyrostenek, 34, and Mel Clark, recovered from his knee injury, will alternate in right

field. Stan Jok, a .279 hitter at Baltimore, Stan Palys, up from Spokane, Wash., of the Class A Western International where he hit .331, and Clyde Schell, a .333 batter at Schenectady, N.Y., in Class A are crowding Jack Mayo (.286 at Baltimore) for the fifth job. Jok also has played third.

Forrest Burgess (.292), Stan Lopata (.239) and Mike Sandlock (.231), acquired to handle Lindell's knuckler, will do the catching.

## NL President Backs Card Owner Busch

TAMPA, Fla. (AP)—National League President Warren Giles Sunday issued a statement answering criticism of the St. Louis Cardinals owners and the team's waiver deal for Vic Raschi.

In a thinly veiled reply to Senator Edwin C. Johnson (D-Colo.), who had attacked Cardinal ownership as "a beer peddling advertising scheme" for the Anheuser-Busch brewery, Giles praised the St. Louis owners and other industrialists who own ball clubs.

"All of this talk about big commercial interests owning ball clubs to the detriment of the game is 'poppycock,'" said Giles. "Baseball and baseball owners are being made targets for unjustified and unfair public criticism. It is time we, in baseball, publicly express our resentment of unfair and unjustified criticism."

"I wish all business executives were motivated by the high principles and general desire to serve the public as I, in my 33 years in the game, have found baseball executives to be."

"I hope baseball clubs will continue to have the same fine ownership they have had in the past, and I mean Gus Busch, Col. Jake Ruppert, George Mulch, Phil Wrigley, Powell Crosley, Walter Briggs Sr., and other industrialists who have done so much for the game."

Touching on the Raschi deal, Giles said:

"It irritates me no end to hear the criticism of baseball's waiver rule by those who know nothing about its operation or its fairness and advantage to the player."

"All waivers clear through the league offices and I have been administering the National League office long enough to know what is going on."

"All American League clubs waived on Raschi (ex-Yankee Vic Raschi). The Cardinals own by brewery interest bought his contract.

So what? In my opinion, it is more justifiable to purchase the services of an established major league performer for a high price than to pay even half the amount to an untried high school boy."

## Track Clinic At Wayne Is Planned

### Lincoln Star Special

WAYNE—Wayne State Teachers College will hold a track clinic for area high schools and their coaches on Friday, April 2. The clinic is being conducted by Track Coach Don Emery and his Wayne State squad along with some of the high school coaches and their personnel.

The clinic will be conducted out doors if weather permits and inside the Stadium if the weather is inclement.

Over 23 schools have signed their intentions to attend the clinic. Exhibitions, demonstrations and races will be conducted in the following events: shot put, discus, broad jump, high jump, pole vault, sprints, and starting, distant runs, and relay racing.

The New York Yankees were the "walkingest" team in the American League in 1953. They led the loop in bases on balls with 656.

AAU Tourney All-Stars

These players were named to the all-star team picked at the 47th annual AAU basketball tournament. Left to right, front row, are Chuck Darling, Phillips 66ers; Joe Stratton, Glen Anderson and Ken Leslie, all of San Diego Giralha Bullets; George Macuga, Fort

# 'Douglas County Tax Mess' Affects The Whole State

By ARCH DONOVAN  
Star Staff Writer  
(One of two articles on the tax problem.)

County tax situation was in such a "mess" that citizens called upon the rest of the state for help.

**'Different'**  
Using the frequently heard justification, "Omaha is different" with which they get special laws different from the balance of the state, they indicated a sincere desire to "clear up the mess" but admitted they would have aid from the state.

Presiding officer at that session of the Legislature was Lt. Gov. Robert B. Crosby, then returned from service with the armed forces, but now governor of the state.

The plan advocated was simple, they wanted a tax appraisal board authorized to act in an advisory capacity to the county board of equalization, (county commissioners) so that if the assessor did not properly list valuations they could call it to the officials' attention.

As proof of their sincerity and to assure the Legislature that it was not another "political gimmick" the bill provided that the T.A.B. (tax appraisal board) be appointed by the governor.

**\$50,000**  
However, the county was in no financial position to carry on this advisory work and the state was asked to loan \$50,000 in a revolving fund which would be replenished from year to year with county tax funds.

The Legislature "bought" the Omaha proposal and appropriated the \$50,000. At the same time they took steps intended to correct the situation in other counties where assessors were independently attempting to fix valuations on the Douglas county basis.

Counties had established standards ranging all the way from 50 to 90 per cent of actual value. This threw tax equaliza-

tion between counties completely out of balance and, the state board of equalization did little to force Douglas County or the rest of the counties to assess at actual value as provided by law.

State Treasurer Frank B. Heintze says that his records indicate but little effort is being made toward repayment. As of February 28, only \$23.82 remains in the \$100,000 revolving fund.

Notwithstanding this debt to the state for which the county levied only 12 mills to repay, Douglas County has one of the lowest levies in the state, 2.75 mills.

Operating costs of the T.A.B. which for the first 18 months of its work ran between \$2,000 and \$3,000 have been gradually getting higher and higher and in the last two years have been near or above the \$5,000 mark monthly. Average cost since its inception has been \$4,130,000 for a total of \$332,120.

Of this, Douglas County has expended \$255,493, according to the state treasurer's records, with the balance of \$76,627 coming from state "revolving fund" on which no progress toward repayment has been made.

## Nardico, Norkus To Mix Again; German To Debut

NEW YORK (AP)—A return bout between Danny Nardico and Charley Norkus, the American debut of Germany's undefeated Bud Scholz, and a welterweight clash between Italo Scorticini and Carmine Fiore features the week's boxing program.

Norkus, a 197-pound heavyweight from Bayonne, N. J., stopped Nardico, 181-pounder, in the ninth round of an eight-knockdown brawl in Miami Beach two months ago. They're still talking about that fight in Florida. Norkus floored the seventh-ranking light heavy from Tampa six times but was dropped twice himself.

The two meet in Madison Square Garden Friday night. Starting at 9 p.m., CST, the ten-round bout will be broadcast (ABC) and telecast (NBC).

Scorticini, of Italy, and the fast rising Fiore, of Brooklyn, collide at the Syracuse, N. Y., War Memorial Auditorium Saturday night. The ten-round bout starts at 8 p.m., CST, and will be telecast by ABC.

Fiore, a powerful left hooker, has won six in a row. The fleet Scorticini gained national attention last month when he lost a disputed ten-round to Joey Giambra in Madison Square Garden.

Orlando Zulueta, second-ranking lightweight contender from Cuba, faces Dennis Pat Brady of New York in a ten-round at Eastern Parkway Arena Monday night. This one starts at 9 p.m., CST, and will be telecast by Dumont.

Ralph Dupas, fifth-ranking lightweight contender who dropped a decision to Paddy DeMarco, before Paddy won the lightweight crown, returns to action Monday against Santiago Esteban of Los Angeles. DeMarco's Jan. 2 victory over the 18-year-old schoolboy sensation earned the New Yorker his title shot at Jimmy Carter.

Dupas and Esteban meet Monday night in New Orleans, Dupas' home town.

## Charity Toss Rules Ties Up Cage Meeting

By SKIPPER PATRICK  
KANSAS CITY (AP)—The National Basketball Rules Committee wrangled for five hours Sunday over several proposals aimed at the controversial one-and-one free throw rule without coming to any conclusion.

The group—officially the National Basketball Committee of the United States and Canada—did manage to narrow its work to three ideas on a penalty for comon fouls.

The present free throw rule permits a second free throw if the first one is missed. In the last three minutes all fouls call for two shots.

Now before the rules committee, headed by Chairman Drake of the University of Oklahoma, are these suggested sub-stitutions:

1. A second free throw if the first one is made. If the first shot is missed the ball is in play, applies to the full 40 minutes.

2. A bonus shot if the first is made for the first 37 minutes; two shots the last three minutes as stipulated in the present rules.

3. One free throw throughout the game and give the ball out of bounds to offended team if the charity toss is made. If missed, the ball is in play.

In addition to routine research work, the rules group still has on its agenda a proposal to discard the quarter system in favor of halves and any number of suggestions that would remodel the free throw lanes.

The National Association of Basketball Coaches Friday voted down a motion by Yale Coach Howard Hobson that the lanes be widened from 10 to 12 feet. But rules committee secretary H. V. Porter of Chicago said the group was seriously considering changing the free throw setup.

One suggestion is that the lanes be tapered from 6 feet under the basket to 12 feet at the throwing mark. And the committee hasn't completely discarded Hobson's 12 foot idea.

Pat Tate was high scorer for Amarillo with 16 points.

Kingfisher, Okla., made it four straight rounds by thumping Topeka (Kan.) Santa Fe, 56-20. Defending Champion Hanes Hosiery of Winston-Salem, N.C., and second-seeded Wayland College, Plainview, Tex., drew first round byes and will not see action until Tuesday.

The New Orleans Douboub Motors pulled away in the last four minutes to defeat the St. Albans, Vt., Rockets, 58-51.

The hometown St. Joseph Goetz Girls had to stage an uphill fight to edge Omaha Commercial Extension 32-28. Unable to score the first 4½ minutes, Goetz trailed until the fourth quarter when it took the lead at 26-24 and never was behind again.

Pat Tate was high scorer for Amarillo with 16 points.

# Cerv Blasts Fifth Homer As Yanks. Beat Brooks

## Trim Tom Neill Reports; Outfield List Complete

By NORRIS ANDERSON

Sports Editor, The Star

CORPUS CHRISTI, Tex. — The thin man used to be the name of a detective who somehow managed to solve crimes between cocktails.

The thin man in the Lincoln Chiefs baseball camp is veteran Tom Neill, who arrived Sunday to complete a man a g e r Whitely Wieltemann's outfit.

The Chiefs' second high batsman (278) reported in at 198 pounds. This figure, stretched across a 6-foot 2-inch frame, is some 10 pounds less than Tom weighed at the end of the 1953 season.

"I just ate less this winter," commented the 35-year-old out-

## Torch Club Into Lead In Kegler Meet

Torch Club of Omaha Sunday night roared to first place in the Class A team competition in the Women's State Bowling Tournament at the Bowl-Mor Lanes and en route established a new high scratch for the tourney with 2465.

The change, which moved Midwest Securities of Fairbury down to second place, was the only major shake-up in the standings as the next-to-last weekend of rolling ended.

Baldwin has not signed a contract with the club yet.

Wieltemann, pleased by another day of 80-degree weather, drilled his squad for two hours Sunday afternoon on fundamentals and general conditioning.

The boys are already starting to tag the ball good," he commented. "We're almost ready for some intra-squad games."

## Gallagher Boys To Appear In Prelims

The Professor, Wrestle Promoter Adam Krieger, has signed a brother act for the Fairgrounds Thursday night.

Professor Adam Krieger said the Gallagher boys of Seattle, Wash., will appear in the first two matches in support of a main event between Yukon Eric and The Mighty Atlas.

Doc Gallagher and Maurice Robbie will handle the semiwindup, a two out of three falls performance with a 45 minute time limit.

Brother George will meet another Irishman, Matt Murphy, in the opening go. Murphy is a rough boy from Los Angeles.

Eric and Atlas are in the usual two-of-three falls main event.

## Ziske, Faulk To Finals

PINEHURST, N. C. (AP) — Medalist Joyce Ziske, forced into extra holes after losing a three-hole advantage with eight to play, came back on the 19th to win from Barbara Romack, 1-up Sunday, and join national champion Mary Lena Faulk in the finals of the North and South Women's Amateur golf tournament.

Miss Faulk, of Thomasville, Ga., achieved the ambition of many years by scoring her first victory over her state rival, Dorothy Kirby of Atlanta, 4 and 3 in the other semifinal.

## North Platte Team Grabs Top Place In Men's Keg Tourney

Only one major change appeared in the standings after Sunday's activities in the Men's State Bowling Tournament at the Lincoln and Bowmor lanes.

The Coca-Cola-Tuckers Cafe team from North Platte moved into first place in the team competition with a score of 2858-225-3083, moving Idle Hour of Omaha out of the top spot into second.

The Reinmuth-Hurlbut 1239 total in the doubles and the 673 chalked up by Lou Wagman, Omaha, in the singles was good enough to withstand the weekend's challenges.

The Reinmuth-Hurlbut 1239 total in the doubles and the 673 chalked up by Lou Wagman, Omaha, in the singles was good enough to withstand the weekend's challenges.

Then Mayer stepped up and easily ran down his putt for a birdie three that won the \$3,000 top prize for him and Bolt and relieved Tommy of the necessity of trying for his comparatively easy birdie.

## Northern Added To Wayne Grid Slate

WAYNE—Wayne State Teachers College will open two years football series with Northern State Teachers College of Aberdeen, S.D., in 1954.

The Northern game will fill the open date left in the Wildcat schedule when Morningside College cancelled out on a two team contract. The South Dakota team coached by Clark Swisher, was one of the few undefeated teams in the nation last year and should provide an attractive game for the Wildcat fans.

The first game will be played at Wayne, Sept. 18, 1954, with the second game on the corresponding date at Aberdeen in '55.

## 9 Wayne Cagers Awarded Letters

Lincoln Star Special

Nine Wayne State basketball players have earned letters, according to the announcement by Don B. Emery, director of athletics, for the 1953-54 season.

Roger Miller, senior from Castalia, Ia., earned his fourth letter. He has been chosen honorary captain for the 1953-54 season.

Roger Higgins, junior from Wayne, received his third letter. Higgins has been chosen outstanding NCC player of the year.

Wayne Samuelson, junior from Wayne, and Ed Wiedenfeld, sophomore from Laurel, each received their second letter.

The following have ear ed their first letter: Dave Meyer, sophomore from Wayne; Jack Pingel, sophomore from Hoskins; Jim Whitney, freshman from Hartington; Erik Radke, freshman from Aurelia, Ia.; and Dick Moore, freshman from Clarkson.

The first game will be played at Wayne, Sept. 18, 1954, with the second game on the corresponding date at Aberdeen in '55.

## Fans To See Rough Husker Intra-Squad Go

By BILL FITZGERALD  
Star Sports Staff Member  
All-Sports Day football fans may see a rough intra-squad game in Memorial Stadium Saturday when the University of Nebraska varsity presents its annual spring review.

The Huskers whacked each other hard last Saturday in a game highlighted by enthusiastic play. The fact that few lettermen are back from the 1953 squad has created many openings and heightened the competition for starting positions.

Coach Bill Glassford started a first team which had lettermen in End Andy Loehr, Tackle Don Glantz, Guard Bob Wagner, Center Bob Oberlin, Halfback Jon McWilliams and Fullback Jon Smith.

Don Hewitt, a squad member in 1953, was at the other end and Bill Holloran was at a tackle. Holloran played last year but failed to letter.

Guard Tom Kripl was on the team in 1953 and Quarterback Rex Fischer almost lettered. Willie Greenlaw, the new right half, is a freshman.

The boys are already starting to tag the ball good," he commented. "We're almost ready for some intra-squad games."

## Mayer, Bolt Win Four Ball Tourney

MIAMI BEACH, Fla. (AP) — Dick Mayer was steady as a rock under pressure Sunday as he sank an 18-foot putt on the first hole of a "sudden death" playoff to win the \$15,000 International Four Ball Golf Tournament for himself and his partner, Tommy Bolt.

Mayer, the slender St. Petersburg, Fla., pro and Bolt, the temperamental Texan from Houston, finished the last 18-hole round in a first place tie with Julius Boros of Mid Pines, N.C., and E. J. (Dutch) Harrison of Ardmore, Okla.

On the first hole of the play-off, all four golfers hit the green with their second shots. Boros was 30 feet from the cup, Harrison 25 feet, Mayer 18 feet and Bolt just six feet away.

Boros, the stocky former National Open champion, brought a roar from the gallery when he hung his ball on the lip of the cup. The aging and tired Harrison was two feet short with his shot.

Then Mayer stepped up and easily ran down his putt for a birdie three that won the \$3,000 top prize for him and Bolt and relieved Tommy of the necessity of trying for his comparatively easy birdie.

## Northern Added To Wayne Grid Slate

WAYNE—Wayne State Teachers College will open two years football series with Northern State Teachers College of Aberdeen, S.D., in 1954.

The Northern game will fill the open date left in the Wildcat schedule when Morningside College cancelled out on a two team contract. The South Dakota team coached by Clark Swisher, was one of the few undefeated teams in the nation last year and should provide an attractive game for the Wildcat fans.

The first game will be played at Wayne, Sept. 18, 1954, with the second game on the corresponding date at Aberdeen in '55.

## 9 Wayne Cagers Awarded Letters

Lincoln Star Special

Nine Wayne State basketball players have earned letters, according to the announcement by Don B. Emery, director of athletics, for the 1953-54 season.

Roger Miller, senior from Castalia, Ia., earned his fourth letter.

He has been chosen honorary captain for the 1953-54 season.

Roger Higgins, junior from Wayne, received his third letter.

Higgins has been chosen outstanding NCC player of the year.

## YANKEES WIN

MIAMI (P) — The two longest

Grapefruit League streaks came to an end Sunday when the New York Yankees, after losing seven games in a row, ended Brooklyn's 11-game victory streak 8-2 before 12,469 in Miami Stadium.

Home run by Yogi Berra and

Bob Cervi featured the world

champions 12-hit attack on three

Brooklyn pitchers. Meanwhile,

Harry Byrd, and Tom Morgan

limited the National League pen-

niters to six hits.

Erv Palica started for the

Dodgers and bore the brunt of

the Yankee attack, allowing four

runs on six hits.

Bill Loe was socked for four

consecutive singles in the seventh

and Hamp Coleman gave up two

runs on as many hits, including

Berra's drive against the score-

board in the ninth.

The Yankees had two runs

before Palica was hardly warmed

up. Gene Woodling opened with

a single and scored on a double

by

## Phil Ivory Hunters Still After Pitchers, Infielders

By JACK HAND

CLEARWATER, Fla. (AP)—Owner Bob Carpenter and Manager Steve O'Neill realize the Philadelphia Phillies' desperate need of infield help if they are to better last year's scraggly finish—a third-place tie with St. Louis, 22 games behind Brooklyn.

"Bob is doing the best he can, trying to make a deal," said O'Neill. "But nobody wants to give us what we need. We're still trying."

The reason for the frantic search is easy to see. Nobody knows when the Army might grab Ted Kazanski, the regular shortstop. Willie Jones, a problem child at 28, slumped to .225 for his second straight sub-par year. The third baseman reported several pounds overweight and has not convinced O'Neill he can bounce back.

If Kazanski stays all year and Jones snaps out of it, the Phillies might make a run at the leaders. But both are big "ifs" that appear unlikely now. Hence the hunt.

With Robin Roberts (23-16) and Curt Simmons (16-13) on the staff, the Phils can't possibly go into any sensational tailspin. The two talented "stoppers" can avert disaster but they can't do the job all by themselves.

If anybody needs convincing on the quality of the Phils' pair of aces, the records tell the story. They contributed 52 complete games, one more than the entire Dodger staff. Roberts, the best righthander in the league, worked 347 innings and Simmons, one of the top lefthanders, pitched 238 innings despite a bout with a power mover that kept him out of action from June 4 to July 4.

The only important change the Phils made since the season ended was the acquisition of Murray Dickson, 37-year-old righthander who had a 10-19 with the last place Pittsburgh Pirates. Thus the Phils added to their pitching strength, already second best in the league but did nothing about bolstering their puny .265 team batting average.

Lack of punch hurt the Phils last season. Del Ennis, Granny Hammer and, occasionally, Jones hit homers but the club's home run production totalled only 115, second lowest in the league.

O'Neill plans to go with five regular starters—Roberts, Simmons, Dickson, Karl, Drews (9-10) and Bob Miller (8-9). Simmons, incidentally, will be the only lefthander on the staff. Steve Ridzik (9-6) and Thornton Kipper (3-3) might elbow into the starting list. Jim Konstanty (14-10) who yelled because he wasn't pitched for five weeks last August, has looked great but will probably stay in the bullpen, unless traded. Johnny Lindell (6-17), the knuckleball artist, reported healthy and with arm trouble.

Of the new hands, O'Neill is as been favorably impressed by Bob Greenwood, a 6-foot-4 righthander with an 11-12 record at Baltimore, and Jack Sanford (14-13 at Baltimore). Tom Qualters, a bonus pitcher, must be kept but he figures to sit it out most of the year.

Carl Torgeson, who didn't live up to advance billings last year, has been given the first base job. Granny Hammer is the second baseman with Kazanski at short and Jones at third for the present. The only reserve infielders are two youngsters from Terre Haute, Class B, Bob Miceli and Ben Tompkins, the former Texas football star.

Del Ennis in left and Richie Ashburn in center are the strongest positions on the club, pitching excluded. Ennis hit .285 last season, drove in 125 runs and slumped 29 homers. Ashburn led the league with 205 base hits and averaged .330. Johnny Wyrstok, 34, and Mel Clark, recovered from his knee injury, will alternate in right

field. Stan Jok, a .279 hitter at Baltimore, Stan Palys, up from Spokane, Wash., of the Class A Western International where he hit .331, and Clyde Schell, a .333 batter at Schenectady, N.Y., in Class A are crowding Jack Mayo (.286 at Baltimore) for the fifth job. Jok also has played third.

Forrest Burgess (.292), Stan Lopata (.239) and Mike Sandlock (.231), acquired to handle Lindell's knuckler, will do the catching.

## NL President Backs Card Owner Busch

TAMPA, Fla. (UPI)—National League President Warren Giles Sunday issued a statement answering criticism of the St. Louis Cardinals owners and the team's waiver deal for Vic Raschi.

In a thinly veiled reply to Senator Edwin C. Johnson (D-Colo), who had attacked Cardinal ownership as "a bear peddling advertising scheme" for the Anheuser-Busch brewery, Giles praised the St. Louis owners and other industrialists who own ball clubs.

"All of this talk about big commercial interests owning ball clubs to the detriment of the game is 'poppycock,'" said Giles. "Baseball and baseball owners are being made targets for unjustified and unfair public criticism. It is time we, in baseball, publicly express our resentment of unfair and unjustified criticism."

"I wish all business executives were motivated by the high principles and general desire to serve the public as I, in my 33 years in the game, have found baseball executives to be."

"I hope baseball clubs will continue to have the same fine ownership they have had in the past, and I mean Gus Busch, Col. Jake Ruppert, George Muelback, Phil Wright, Powell Crosley, Walter Briggs Sr., and other industrialists who have done so much for the game."

Touching on the Raschi deal, Giles said:

"It irritated me no end to hear the criticism of baseball's waiver rule by those who know nothing about its operation or its fairness and advantage to the player."

"All waivers clear through the league offices and I have been administering the National League office long enough to know what is going on."

"All American League clubs waived on Raschi (ex-Yankee Vic Raschi). The Cardinals owner by a brewery interest bought his contract.

So what? In my opinion, it is more justifiable to purchase the services of an established major league performer for a high price than to pay even half the amount to an untried high school boy."

## Track Clinic At Wayne Is Planned

Lincoln Star Special

WAYNE—Wayne State Teachers College will hold a track clinic for area high schools and their coaches on Friday, April 2. The clinic is being conducted by Track Coach Don Emery and his Wayne State squad along with some of the high school coaches and their personnel.

The clinic will be conducted outdoors if weather permits and inside the Stadium if the weather is inclement.

Over 23 schools have signified their intentions to attend the clinic. Exhibitions, demonstrations and races will be conducted in the following events: shot put, discus, broad jump, high jump, pole vault, sprints, and starting, distant runs, and relay racing.

The New York Yankees were the "walkingest" team in the American League in 1953. They led the loop in bases on balls with 656.

### AAU Tourney All-Stars

These players were named to the all-star team picked at the 47th annual AAU basketball tournament. Left to right, front row, are Chuck Darling, Phillips 66ers; Joe Stratton, Glen Anderson and Ken Leslie, all of San Diego Giralha Bucks; George Macuga, Fort

## 'Douglas County Tax Mess' Affects The Whole State

By ARCH DONOVAN  
Star Staff Writer  
(One of two articles on the tax problem.)

The "Douglas County tax mess" to which Gov. Robert Crosby called attention last week and for which he refused to be the "fall guy" is a state problem and has been for many years. Indications are that the other 91 counties will end up as the "fall guys."

A flagrant undervaluation of property in Omaha for many years was used as a device of politicians to win votes and influence people. The result was taxpayers in other counties were paying more than their share of taxes for support of state government.

As a defensive measure, assessors in some other counties began to lower valuations below the "actual value" provided by the Constitution. Thus, the Omaha example began to threaten the whole system of property taxation in the state.

But, with changing assessors with "new friends" equalization between individuals had ceased to exist and by 1947 the Douglas

County tax situation was in such a "mess" that citizens called upon the rest of the state for help.

"Different"

Using the frequently heard justification, "Omaha is different" with which they get special laws different from the balance of the state, they indicated a sincere desire to "clear up the mess" but admitted they would have aid from the state.

Presiding officer at that session of the Legislature was Lt. Gov. Robert B. Crosby, then just returned from service with the armed forces, but now governor of the state.

The plan advocated was simple, they wanted a tax appraisal board authorized to act in an advisory capacity to the county board of equalization, (county commissioners) so that if the assessor did not properly list valuations they could call it to the officials' attention.

As proof of their sincerity and to assure the Legislature that it was not another "political gimmick" the bill provided that the T.A.B. (tax appraisal board) be appointed by the governor.

\$50,000

However, the county was in a financial position to carry on this advisory work and the state was asked to loan \$50,000 in a revolving fund which would be replenished from year to year with county tax funds.

The Legislature "bought" the Omaha proposal and appropriated the \$50,000. At the same time they took steps intended to correct the situation in other counties where assessors were independently attempting to fix valuations on the Douglas county basis.

Counties had established standards ranging all the way from 50 to 90 per cent of actual value. This threw tax equaliza-

tion between counties completely out of balance and the state board of equalization did little to force Douglas County or the rest of the counties to assess at actual value as provided by law.

To overcome the practice of precinct assessors frequently advising taxpayers to violate the law by making returns at less than actual value and in conformity with the percentage in that particular county, the Legislature made it the responsibility of each property owner to fill out his own personal assessment return.

tended the repayment date from 1953 to 1955 with the explanation that at that time the whole \$100,000 would be payable.

State Treasurer F. R. B. Heinze says that his records indicate but little effort is being made toward repayment. As of February 28, only \$23,82 remains in the \$100,000 revolving fund.

Notwithstanding this debt to the state for which the county levied only .12 mills to repay, Douglas County has one of the lowest levies in the state, .275 mills.

Operating costs of the T.A.B. which for the first 18 months of its work ran between \$2,000 and \$3,000 have been gradually getting higher and higher and in the last two years have been near or above the \$5,000 mark monthly. Average cost since its inception has been \$4,130,000 for a total of \$332,120.

Of this, Douglas County has expended \$255,493, according to the state treasurer's records, with the balance of \$76,627 coming from state "revolving" funds on which no progress toward repayment has been made.

### Green Memorial Chapel Begins

The Rev. Leonard E. Braley (right), pastor of Green Memorial Chapel, turns the first shovel-full of earth for construction of the new church building at 41st and Madison. Also taking part in the groundbreaking ceremony Sunday afternoon were (from the left) the Rev. Ord Morrow, pastor of Havelock Gospel Tabernacle; the Rev. W. E. King, pastor of Central Christian and Missionary Alliance Church; and James Roberts, assistant pastor of Central Church. Labor for the new building, to be completed by fall, will be mostly donated by members of the church and other Christian and Missionary Alliance groups in the area. (Star Staff Photo)

## Fine Musicianship, Precision Spirit Mark Band Concert

By RUTH ARDIS

The Symphonic Band of the University of Nebraska presented its annual Spring Concert at the Coliseum Sunday afternoon. The band, under the direction of Donald Lentz, performed with precision and fine musicianship. They also made a striking appearance with the men in their red and white uniforms and the young women in white formals.

The spirit with which the band performs at games was apparent also—the curtains opened, the conductor appeared and the first note was played all within the time of a few seconds. However, there was little else in the main part of the program to suggest a marching band. The numbers on the whole were heavy symphonic selections, transcribed from original settings to symphonic band arrangements. Of all the transcriptions, the best suited for band were the two movements from the suite, "The Planets" by Holst. Mars, Bringer of War, was especially effective and well done by the group. The striking rhythmic pattern conveyed an atmosphere of suspense to the audience. Jupiter, Bringer of Jollity, contained many difficult rhythmic passages in which various sections of the band were playing entirely different rhythms.

**Little Heavy, Slow**  
"The Good Friday Music" from Parsifal by Wagner and "Psche and Eros" by Franck seemed a little heavy and slow for a band concert. Although there is no doubt they are great music, they are more effective in their original orchestral setting.

Stanley Shumway was outstanding at games was apparent also—the curtains opened, the conductor appeared and the first note was played all within the time of a few seconds. However, there was little else in the main part of the program to suggest a marching band. The numbers on the whole were heavy symphonic selections, transcribed from original settings to symphonic band arrangements. Of all the transcriptions, the best suited for band were the two movements from the suite, "The Planets" by Holst. Mars, Bringer of War, was especially effective and well done by the group. The striking rhythmic pattern conveyed an atmosphere of suspense to the audience. Jupiter, Bringer of Jollity, contained many difficult rhythmic passages in which various sections of the band were playing entirely different rhythms.

**As usual at concerts, the encores were received most enthusiastically. This seems to be the part of the program where musical organizations generally "let their hair down," and yesterday's concert was no exception. The band played three popular marches which left the audience whistling on their way home.**

The Music School of the University will present the Senior Soloists Concert on April 4 and the University Singers Concert on April 8. Both concerts will be at the Student Union Ballroom.

## 100 Hear Guests At Art Meeting

More than 100 persons heard two guest speakers Sunday afternoon discuss some of the items in the Nebraska Art Association's 64th annual exhibition.

Dr. Grace Morley, director of the San Francisco Museum of Art, and H. Harvard Arnason, director of the Walker Art Center in Minneapolis, were the speakers.

"Red Sky," an intensely colored abstract landscape in oil by Nicholas De Staet, was one of the paintings which brought questions from the audience.

This is a painting which many visitors at the current show have said they dislike or do not understand, according to Norman Geske, director of the galleries at Morrill Hall.

Dr. Morley, answering a question about the picture, said "only a very great, skilled artist could put those colors together and keep them in line."

"A work of art," Arnason added, "is intended to move the spectator, but not necessarily in a pleasurable way."

**Modern Idiom**

The two works in the modern idiom by Robert Russell Bennett furnished a refreshing contrast to the conventional numbers. "The Suite of Old American Dances" is a clever piece of writing which satirizes familiar dances. "Latin at Large" featured the percussion

section of the band, Miss Croft and Messrs. Becker, Phillips, Humphrey and Lundstrom.

The band did an excellent job of interpreting the difficult nuances and mood changes so characteristic of the excellent movie writing of Newman, who is outstanding in that field.

As usual at concerts, the encores were received most enthusiastically. This seems to be the part of the program where musical organizations generally "let their hair down," and yesterday's concert was no exception. The band played three popular marches which left the audience whistling on their way home.

The Music School of the University will present the Senior Soloists Concert on April 4 and the University Singers Concert on April 8. Both concerts will be at the Student Union Ballroom.

## From Lincoln Pulpits:

### 'What Is The Unpardonable Sin?' Asks Rev. Mr. Gracey

"What is the unpardonable sin?" the Rev. David Gracey asked at the Episcopal Church of the Holy Trinity Sunday morning.

When a man asks if he has committed the unpardonable sin, the Rev. Mr. Gracey said, this no doubt arises from the fact that in the New Testament, Christ talked of a sin that was unpardonable.

"The church has always graded sin," he said. "Some sins they call deadly; other sins they call venial or forgivable. Even the deadly sins, however, are forgivable. The church lists seven deadly sins. These are pride, covetousness, lust, envy, anger, gluttony and sloth."

The Rev. Mr. Gracey told his parishioners that the unpardonable

sin is listed in Matthew 12:31 where Jesus said, "All manner of sin and blasphemy shall be forgiven unto men; but the blasphemy against the Holy Ghost shall not be forgiven unto men."

The unpardonable sin, he said, is when men begin to call good evil and evil good.

"When a person feels no evil," the Rev. Mr. Gracey said, "he does not feel the need of repentance. Therefore he has moved beyond forgiveness."

#### 1st United Presbyterian

"Man was made for the fellowship and service of God," Dr. R. M. Karr told his congregation at First United Presbyterian Church.

The subject of human values, he said, is of compelling interest in the theological conflict of today. According to the story of the creation, he said, man is not something just

"pushed out of the mud" but a creature with moral and spiritual endowment from the Creator.

"One of the older theological writers," Dr. Karr said, "has a beautiful passage in which he imagines the angels marvelling at this new creature, who by virtue of his body consorts with the animals, and by virtue of his spirit consorts with the angels."

Dr. Karr told the congregation that the ideal destiny of man is to manifest in finite form the excellencies of his creative Lord. "A sanctuary in Kansas City claims to have the most beautiful windows in the Midwest," he said. "They are indeed surpassingly beautiful as the light from within streams through them on a dark night. Man was intended to be a sanctuary of the Divine, every part of that sanctuary reflecting His moral glory."

Dr. Karr recently assumed the interim pastorate of First United Presbyterian. He will serve until a permanent pastor replaces the Rev. Nelson Warner who left in January.

Rev. Mr. Gracey

General theme of the meeting will be "Education's Responsibilities for Freedom." Persons from 19 states will attend.

Speakers at general sessions will be U. S. Commissioner of Education Samuel M. Brownell, President James L. Morrill of the University of Minnesota and President Virgil M. Hancher of the State University of Iowa.

Two University of Nebraska Teachers College faculty members will take an active part in the 59th annual meeting of the North Central Association of Colleges and Secondary Schools opening in Chicago Sunday.

Dean Frank E. Henzlitz will report for the sub-committee on teacher education in multi-purpose institutions. Galen Saylor, chairman of the department of secondary education, will be on a panel to discuss how communities through professional education staffs and the lay public can preserve freedom by meeting unjustified attacks on education.

General theme of the meeting will be "Education's Responsibilities for Freedom." Persons from 19 states will attend.

Speakers at general sessions will be U. S. Commissioner of Education Samuel M. Brownell, President James L. Morrill of the University of Minnesota and President Virgil M. Hancher of the State University of Iowa.

### Church Men Conduct Building Fund Canvass

Forty men from Northeast Community Church (Congregational) gathered at the home of their pastor, the Rev. Milton O. Laib, Sunday afternoon before leaving to conduct a building fund canvass. The goal of \$40,000 is one of the

preliminary steps toward construction of the first unit of a church building located at 62nd and Adams planned for late spring. The Northeast Community Church congregation, organized last May, has been holding services in

Northeast High School. The new church is supported by the Board of Home Missions of the Congregational Christian Churches and the Nebraska Congregational Conference. (Star Photo)

### 'Totalitarianism Of Abrogating Free Speech A Great Danger'

The totalitarianism of abrogating free speech is of great immediate danger to the nation, Dr. Oscar A. Benson said Sunday night at First Lutheran Church.

Dr. Benson, president of the Augustana Lutheran Church of America, president of the National Lutheran Council and an executive in the Lutheran World Federation, made several guest addresses in Lincoln Sunday.

He told the Lutheran Men's Rally that as a nation, we are still too easily satisfied with mere material progress.

"America needs to recapture the freedom of those that went before us, the freedom to think and speak without being subject to the censorship and suspicion of intolerant and self-seeking investigators," he said.

Speaking of the Christian churches, he said evangelism is the paramount need of the present time.

"Indications are multiplying that many people heretofore completely indifferent to religion are sensing the need of a sustaining power beyond mere human resources," he said.

Dr. Benson said unity is necessary for the churches to be effective to the extent of their potential. Even more important, he said, is the inner unity of a common concern for souls and a common recognition of Christ as divine Lord and Savior.

"The church needs positive and fearless preaching," he said.

Services for Mrs. Ethelyn Fern Davis, 53, Washington, D.C., will be at 2:30 p.m. Monday at Roper & Sons, Dr. Frank Court officiating.

Mrs. Davis, who died in Washington Friday, is the daughter of Mr. and Mrs. L. K. Upton of Lincoln.

She had lived in the East since attending the University of Nebraska. She was a member of Grace Methodist Church.

Surviving is her husband, Miller Davis of Washington, D.C.

WISHING WELL

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

We're keeping tabs on that Manhattan drunk-o-meter which tracks the number of hours he's been a viceroy — and a bum.

If you can walk a chalk line, say "Truly rural," select a three-hoss paraly with a kitchen fork, dial a telephone number and stack a cold deck you are not sober in New York. The judge wants to know what you're doing with the other hand.

They took the drunk-o-stat to the Bowery and a bum hit the jackpot.

He breathed in one end of the rumptation and the thing hiccuped.

The carbonized tonsils of Champlain Square are not to be classified by theoretical gadgets. On the Bowery they wash a bottle of Speaky Pete down with a quart of India smoke signals.

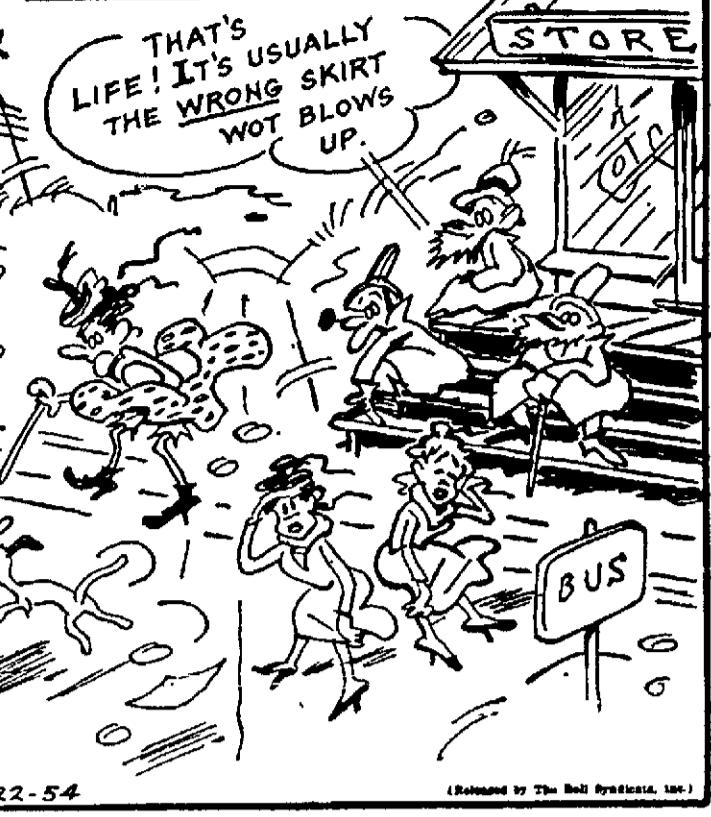

If the stagger-meter, the barkeep and two cops say you've overloaded your plimself mark don't call in a Gypsy fortune teller for a character witness.

Pay the judge the two dollars and start life all over again.

We want visitors to have a good time in New York. But don't check your crash helmet.

You can see there is more to the law than meets the first personal pronoun. They tried the some-o-graph or a society shade from the South. He told the judge, "Down South we build chimneys just for our breaths."

BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Baer  
Distributed by International News Service

We're keeping tabs on that  
Manhattan drunk-o-meter which  
clocks the heavy-drinker  
-than-air breaths.

First victim of the electronic  
gimmick was fined the staggering  
sum of 10 de-preciated dollars. The judge said,  
"Here's a citizen with a wine cellar  
in his hat. If he were to breathe in a toy balloon there  
would be a new comet in the firmament tonight."

The owner of the Grapes of Wrath Wine Co. got himself a mouthpiece that wasn't hooked to a tube. The lawyer said, "Spring was not officially here until last night. Therefore, under winter rules no test was legitimate until then had first been primed with anti-freeze."

You can see there is more to the law than meets the first personal pronoun. They tried the souse-o-graph on a society dude from the South. He told the judge, "Down South we build chimneys just for our breaths."

He snorted in the halitosis-grinder and it blew a fuse.

If you can walk a chalk line, say "Truly rural," select a three-hoss parley with a kitchen fork, dial a telephone number and stack a cold deck you are not sober in New York. The judge wants to know what you're doing with the other hand.

They took the drunk-o-stat to the Bowery and a bum hit the jackpot.
